

Subject card

Subject name and code	Rural project , PG_00052615						
Field of study	Architecture						
Date of commencement of studies	October 2020		Academic year of realisation of subject		2021/2022		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	3		ECTS credits		3.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Department of Environmental Design -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. arch. Agnieszka Kurkowska				
	Teachers		dr inż. arch. Agnieszka Kurkowska				
			mgr inż. arch. Paulina Duch-Żebrowska				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	45.0	0.0	45
	E-learning hours included: 0.0						
	Address on the e-learning platform: https://enauczanie.pg.edu.pl/moodle/user/index.php?id=16670 Adresy na platformie eNauczanie:						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	45		6.0		24.0	75
Subject objectives	The aim of the course is to acquire the ability to develop a design concept for shaping the countryside landscape.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W02] knows and understands the rules of gathering information and their interpretation as a part of project concept preparation; issues related to architecture and urban planning in the field of simple design problems solving		the ability of creating analyzes of natural and cultural resources, understanding landscape issues, searching for areas of scarcity, findin answers to the need to design a small architectural facility complementing the existing village development, corresponding to the needs of residents and guests		[SW1] Assessment of factual knowledge [SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects		
	[K6_U03] is able to prepare a graphic, written and oral presentation of your own design concepts in the field of architecture and urban planning, meeting the requirements of a professional record appropriate for architectural and urban design		development of individual elements of the exercises, preparation of a conceptual architectural design along with the development of the surrounding area		[SU1] Assessment of task fulfilment [SU3] Assessment of ability to use knowledge gained from the subject [SU5] Assessment of ability to present the results of task		
Subject contents	Classes are conducted according to three original programs. Their constant content is formed by: - a set of pre-design analyzes - general concept of shaping rural space - design study of a rural development - presentation of the project						
Prerequisites and co-requisites	Completion of the rural practice						

Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
		100.0%	10.0%
		70.0%	10.0%
		100.0%	80.0%
