Subject contents	<p>Content carried out in individual class groups:</p> <p>1. MOVABLE HOUSE the home of a Modern Nomad CREATIVE CONTEST FOR ARCHITECTS AND DESIGNERS. As part of the elective seminar, students working in groups of 3 people will prepare architectural and lighting concept for an international competition: "MOVABLE HOUSE The Home of a Modern Nomad " organized by the Polish Lighting Industry Association), co-organized by Goczołowie Architekci OVO Grąbczewscy Architects and the SOMA Agency, the organizer of the International LIGHT Fair.</p> <p>2. Green Story - Free Time Space. Green Story joins green architecture and a place to spend free time - inside and outside to read, to eat, to relax. The idea is to design green to give back the greenery to the public square to make a city space more friendly for users and more friendly to the environment. You can design a story, to make a space more attractive. You can design a Green Story, to make people more aware about a Sustainable Development. And how do you understand a need of Green in the urban space? You will work in small groups to discuss the problem. You will propose your own Green Story in a form of a pavilion and you will tell a story about it in a short video. The proposition of the location is Garnizon housing estate in Gdańsk-Wrzeszcz, but you can propose your own plot as a starting point to our discussion</p>
