

Subject card

Subject name and code	Management of spatial growth, PG_00049267						
Field of study	Spatial Development						
Date of commencement of studies	October 2020		Academic year of realisation of subject		2023/2024		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	4		Language of instruction		Polish		
Semester of study	7		ECTS credits		1.0		
Learning profile	general academic profile		Assessment form		exam		
Conducting unit	Department of Urban Design and Regional Planning -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor		prof. dr hab. Elżbieta Wojnicka-Sycz				
	Teachers		prof. dr hab. Elżbieta Wojnicka-Sycz				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		1.0		9.0	25
Subject objectives	The aim of the course is to learn about the functions of managing the development of urban space in the form of integrated strategic planning, organizing development financing and partnerships for development and motivating spatial changes, e.g. through the socialized process of implementing development policy.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	K6_U04		The student knows the principles and instruments of integrated development planning and data sources that can be used.		[SU3] Assessment of ability to use knowledge gained from the subject		
Subject contents	Spatial development management and the urban doctrine. Urban development management functions. Strategic development planning at the city level, specificity of planning in metropolitan areas, main methods of strategic analyzes, spatial development strategy as a functional strategy within the general strategy of socio-economic development, social participation in strategic planning and its methods.
