

Subject card

Subject name and code	Management of spatial growth, PG_00049267						
Field of study	Spatial Development						
Date of commencement of studies	October 2020	Academic year of realisation of subject			2023/2024		
Education level	first-cycle studies	Subject group			Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	4	Language of instruction			Polish		
Semester of study	7	ECTS credits			1.0		
Learning profile	general academic profile	Assessment form			exam		
Conducting unit	Department of Urban Design and Regional Planning -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor	prof. dr hab. Elżbieta Wojnicka-Sycz					
	Teachers	prof. dr hab. Elżbieta Wojnicka-Sycz					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM		
	Number of study hours	15	1.0	9.0	25		
Subject objectives	The aim of the course is to learn about the functions of managing the development of urban space in the form of integrated strategic planning, organizing development financing and partnerships for development and motivating spatial changes, e.g. through the socialized process of implementing development policy.						
Learning outcomes	Course outcome	Subject outcome	Method of verification				
	K6_U04	The student knows the principles and instruments of integrated development planning and data sources that can be used.	[SU3] Assessment of ability to use knowledge gained from the subject				
Subject contents	<p>Spatial development management and the urban doctrine. Urban development management functions. Strategic development planning at the city level, specificity of planning in metropolitan areas, main methods of strategic analyzes, spatial development strategy as a functional strategy within the general strategy of socio-economic development, social participation in strategic planning and its methods.
