

## Subject card

Subject name and code	Transport Policy, PG_00044642						
Field of study	Transport						
Date of commencement of studies	October 2020	Academic year of realisation of subject			2022/2023		
Education level	first-cycle studies	Subject group			Optional subject group		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	6	ECTS credits			3.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Transportation Engineering -> Faculty of Civil and Environmental Engineering						
Name and surname of lecturer (lecturers)	Subject supervisor	dr Justyna Staszak-Winkler					
	Teachers	dr Justyna Staszak-Winkler					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	15.0	0.0	0.0	0.0	45
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study		SUM
	Number of study hours	45	5.0		25.0		75
Subject objectives	The aim of the course is to provide knowledge in the field of transport policy, including its essence, goals and impact on the economy and functioning of the state, methods and instruments						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K6_U12] able to select tools and methods, carry out assessments and simple tests of transport systems to an extent required of the specialty / learning profile	The student can make comprehensive evaluation of transport policy			[SU5] Assessment of ability to present the results of task [SU4] Assessment of ability to use methods and tools [SU2] Assessment of ability to analyse information [SU1] Assessment of task fulfilment		
	[K6_W17] has proficiency in transport systems as appropriate for their specialty	The student analyzes transport system including place and the role of transport in the economic system and the impact of transport on economy.			[SW2] Assessment of knowledge contained in presentation [SW1] Assessment of factual knowledge		
Subject contents	The essence and objectives of transport policy, the role of transport in the economy, the impact of the economy on the development of transport. Methods and instruments of transport policy, principles of transport policy, sustainable development of the sector transport in the transport policy of Poland and other EU countries, paradigms of EU transport development. Transport corridors as an instrument of the contemporary EU transport policy. Transport policy of Poland for the years 2006-2025. The development of individual modes of transport, technical progress and advanced systems of organization and management in transport, transport policy and the environment, transport policy in cities and agglomerations, directions transport development						
Prerequisites and co-requisites	basic economic knowledge						
Assessment methods and criteria	Subject passing criteria	Passing threshold			Percentage of the final grade		
		60.0%			50.0%		
		60.0%			50.0%
