

关。GDAŃSK UNIVERSITY 创 OF TECHNOLOGY

Subject card

Subject name and code	English Language II, PG_00040042								
Field of study	Mechanical Engineering, Mechanical Engineering								
Date of commencement of studies	October 2020		Academic year of realisation of subject			2021/2022			
Education level	first-cycle studies		Subject group			Obligatory subject group in the field of study			
Mode of study	Part-time studies		Mode of delivery		at the university				
Year of study	2		Language of instruction			Polish			
Semester of study	3		ECTS credits			2.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Language Centre -> Vice-Rector for		Education						
Name and surname	Subject supervisor		mgr Witold Zbirohowski-Kościa						
of lecturer (lecturers)	Teachers								
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	aboratory Project		Seminar	SUM	
of instruction	Number of study hours	0.0	15.0	0.0 0.0			0.0	15	
	E-learning hours included: 0.0								
	Adresy na platformie eNauczanie:								
Learning activity and number of study hours	Learning activity	Participation in classes includ plan	n didactic ed in study	Participation in consultation hours		Self-study S		SUM	
	Number of study hours	15 3.0			32.0 50		50		
Subject objectives	Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical environment.								
Learning outcomes	Course out	come	Subject outcome			Method of verification			
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Understanding of specialist literature and technical instructions. Understanding longer speeches and lectures.			[SK4] Assessment of communication skills, including language correctness			
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Ability to obtain and process information in a foreign language at B2 level (CEFR) in the field of study and the academic environment.			[SU2] Assessment of ability to analyse information			
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Sufficient knowledge of the vocabulary and grammar of the foreign language to communicate in general situations as well as the specialist field of study.			[SW3] Assessment of knowledge contained in written work and projects [SW2] Assessment of knowledge contained in presentation			
	[K6_K81] is able to cooperate in international team		Ability to cooperate in an international group.			[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness			
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Is able to communicate correctly in a foreign language at CEFR B2 level in everyday life situations as well as the academic and professional environment.			[SU2] Assessment of ability to analyse information			

Subject contents	Vocabulary:							
	Developing general knowledge of the language and introducing specialist terms and expressions used in the field of Mechanical Engineering. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering.							
	Grammar:							
	Developing B2/C1 level grammar structures essential for written and verbal communication.							
	Writing:							
	Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes.							
	Reading:							
	Developing various reading techniques indispensable for dealing with general and professional texts.							
	Listening:							
	Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations.							
	Speaking:							
	Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions.							
Prerequisites and co-requisites	Students starting their studies must	have at least B1 level language knov	vledge.					
Assessment methods	Subject passing criteria	Passing threshold	Percentage of the final grade					
and criteria	activity/speaking	60.0%	20.0%					
	tests	60.0%	60.0%					
	written work	60.0%	20.0%
