

Subject card

Subject name and code	Process Analytics, PG_00048926								
Field of study	Chemistry in Construction Engineering								
Date of commencement of studies	October 2020		Academic year of realisation of subject			2023/2024			
Education level	first-cycle studies		Subject group			Optional subject group			
						Subject group related to scientific research in the field of study			
Mode of study	Full-time studies		Mode of delivery			at the university			
Year of study	4		Language of instruction			Polish			
Semester of study	7		ECTS credits			4.0			
Learning profile	general academic profile		Assessment form			exam			
Conducting unit	Department of Analytical Chemistry -> Faculty of Chemistry								
Name and surname of lecturer (lecturers)	Subject supervisor	ażej Kudłak							
	Teachers		dr hab. inż. Błażej Kudłak						
			dr hab. inż. Justyna Kucińska-Lipka						
			dr inż. Maciej Sienkiewicz						
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory Projec		:t	Seminar	SUM	
of instruction	Number of study hours	20.0	0.0	20.0	0.0		10.0	50	
	E-learning hours included: 0.0								
Learning activity and number of study hours	Learning activity	Participation i classes including		Participation in consultation hours		Self-study		SUM	
	Number of study hours	50		5.0		45.0		100	
Subject objectives	Acquainting with measurements and analytical techniques used in process analysis, especially with measurements in industry								
Learning outcomes	Course outcome		Subject outcome			Method of verification			
	K6_U08					[SU5] Assessment of ability to present the results of task [SU4] Assessment of ability to use methods and tools [SU3] Assessment of ability to use knowledge gained from the subject [SU2] Assessment of ability to analyse information			
	K6_W08		student is aware of and understands technical and non-technical aspects and results of engineer activity, student has detailed knowledge on research methods and techniques especialy on analytics of construction resources			[SW1] Assessment of factual knowledge
