

Subject card

Subject name and code	Basics of territorial self-governance , PG_00049236						
Field of study	Spatial Development						
Date of commencement of studies	October 2021	Academic year of realisation of subject			2023/2024		
Education level	first-cycle studies	Subject group			Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	5	ECTS credits			1.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Urban Design and Regional Planning -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor	mgr Michał Habier					
	Teachers	mgr Michał Habier					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		1.0		9.0	25
Subject objectives	The aim of the course is to familiarize students with the division, organization and functioning of local government units (JST) in Poland. The lecture aims to present the implementation of own tasks and tasks commissioned by local government units, in particular related to the construction law and spatial development law, as well as the role of local government units in the investment and construction process. Moreover, the basic acts regulating local government units will be discussed.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_W06] has knowledge of the structures and organizations involved in the space management process, knows the principles and legal basis of their operation and has a basic knowledge of the relationships between structures and social institutions on a local, regional, national and international scale, as well as on intercultural relations	The student has knowledge of the organization and functioning of spatial management institutions in legal and administrative terms.
