

Subject card

Subject name and code	Thesis Seminar , PG_00044351						
Field of study	Civil Engineering						
Date of commencement of studies	October 2021	Academic year of realisation of subject			2022/2023		
Education level	second-cycle studies	Subject group		Optional subject group			
Mode of study	Part-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			Polish		
Semester of study	4	ECTS credits			4.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Transportation Engineering -> Faculty of Civil and Environmental Engineering						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Marcin Budzyński				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		5.0		65.0	100
Subject objectives	Developing the ability to independently search for literature, prepare an audiovisual presentation, report in public and participate in discussions. Checking the progress in the preparation of the diploma thesis.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K7_W15] has deep and adequate knowledge of civil engineering, within offered specialization and profile	The student is able to use his knowledge for a specific solution scientific and engineering issues	[SW3] Assessment of knowledge contained in written work and projects [SW2] Assessment of knowledge contained in presentation [SW1] Assessment of factual knowledge
	[K7_K03] can think and act creatively and enterprisingly and works for society	The student is able to solve problems	[SK2] Assessment of progress of work [SK5] Assessment of ability to solve problems that arise in practice [SK4] Assessment of communication skills, including language correctness [SK3] Assessment of ability to organize work
	[K7_U15] has advanced skills in civil engineering within offered specialization/profile	The student has specialist knowledge of the issue considered in his thesis.	[SU5] Assessment of ability to present the results of task [SU4] Assessment of ability to use methods and tools [SU3] Assessment of ability to use knowledge gained from the subject [SU1] Assessment of task fulfilment
	[K7_K05] can manage a team in a responsible way, regarding the rules of occupational safety and health	The student is able to transfer knowledge.	[SK2] Assessment of progress of work [SK5] Assessment of ability to solve problems that arise in practice [SK4] Assessment of communication skills, including language correctness [SK3] Assessment of ability to organize work
	[K7_K04] understands the necessity of dissemination civil engineering knowledge in the society and to support the professional ethos of a civil engineer	The student is able to solve problems	[SK2] Assessment of progress of work [SK5] Assessment of ability to solve problems that arise in practice [SK4] Assessment of communication skills, including language correctness [SK3] Assessment of ability to organize work
Subject contents	Preparation of the work outline. Technique of conducting literary studies. Presentation of work progress, Discussion on the presented material.		
Prerequisites and co-requisites	Specialized skills in the field of construction, as part of the diploma profile		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Presentation of work progress	80.0%	100.0%
Recommended reading	Basic literature	Articles and studies published in scientific journals and conference materials related to the topic of the diploma thesis. Book publications - guidelines, reports and legal issues related to the scope of work. Domestic and foreign positions.	
	Supplementary literature	Internet resources	
	eResources addresses		
Example issues/ example questions/ tasks being completed	1. Purpose and scope of work. 2. Research methods 3. Research tools. 4. Methodology of conducting literary studies 5. Inference		
Work placement	Not applicable
