

Subject card

Subject name and code	Organization of Investment Process , PG_00049141						
Field of study	Civil Engineering						
Date of commencement of studies	October 2021	Academic year of realisation of subject			2024/2025		
Education level	first-cycle studies	Subject group			Optional subject group		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	4	Language of instruction			Polish		
Semester of study	7	ECTS credits			2.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Building Engineering -> Faculty of Civil and Environmental Engineering						
Name and surname of lecturer (lecturers)	Subject supervisor	dr inż. Adam Kristowski					
	Teachers	dr inż. Adam Kristowski					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	15.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study		SUM
	Number of study hours	30	2.0		18.0		50
Subject objectives	1. Present the complexity and compilation of activities and participants in the investment construction process.2. Viewing the investment construction process not only in the context of technical and technological activities, but as issues whose solution requires knowledge of management, marketing, economics id.						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K6_K01] is aware of necessity of professional and personal competences improvement; complements and broadens his knowledge about modern processes and technologies	The student, together with his team, prepares a study that can be the subject of a presentation or discussion.			[SK5] Assessment of ability to solve problems that arise in practice		
	[K6_U17] has specialized skills in civil engineering within offered specialization	The student identifies and solves typical problems of construction investment process management at different stages.			[SU1] Assessment of task fulfilment		
	[K6_W16] Has deeper and adequate knowledge of civil engineering, within offered specialization	The student knows selected issues concerning the investment construction process in Poland.			[SW1] Assessment of factual knowledge		
Subject contents	Basic concepts. Law in the EU and Poland. Investment process in construction, its stages and phases. The investment cycle. Sequences of activities in the investment process. Types of investments, classifications of investments. Management of the investment process. Participants in the investment process. Selected systems of organization of the construction process. Documentation in the investment process. Financing of construction investments. Types of contracts and their ordering. Implementation of investments in accordance with the FIDIC procedure.						
Prerequisites and co-requisites	none						
Assessment methods and criteria	Subject passing criteria	Passing threshold			Percentage of the final grade		
	colloquium	60.0%			50.0%		
	exercise task	60.0%			50.0%		
Recommended reading	Basic literature	według potrzeb					
	Supplementary literature	według potrzeb					
	eResources addresses	Adresy na platformie eNauczanie:					

Example issues/ example questions/ tasks being completed	
Work placement	Not applicable
