

Subject card

Subject name and code	English Language II, PG_00055189						
Field of study	Mechanical Engineering						
Date of commencement of studies	October 2021		Academic year of realisation of subject		2022/2023		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study		
Mode of study	Part-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	3		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Witold Zbirohowski-Kościa				
	Teachers		mgr inż. Barbara Ozimek				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	15.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		3.0		32.0	50
Subject objectives	Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical environment.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Is able to communicate correctly in a foreign language at CEFR B2 level in everyday life situations as well as the academic and professional environment.		[SU2] Assessment of ability to analyse information		
	[K6_K81] is able to cooperate in international team		Ability to cooperate in an international group.		[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Sufficient knowledge of the vocabulary and grammar of the foreign language to communicate in general situations as well as the specialist field of study.		[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Ability to obtain and process information in a foreign language at B2 level (CEFR) in the field of study and the academic environment.		[SU2] Assessment of ability to analyse information		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Understanding of specialist literature and technical instructions. Understanding longer speeches and lectures.		[SK4] Assessment of communication skills, including language correctness		

Subject contents	Vocabulary:		
	Developing general knowledge of the language and introducing specialist terms and expressions used in the field of Mechanical Engineering. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering.		
	Grammar:		
	Developing B2/C1 level grammar structures essential for written and verbal communication.		
	Writing:		
	Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes.		
	Reading:		
	Developing various reading techniques indispensable for dealing with general and professional texts.		
Assessment methods and criteria	Listening:		
	Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations.		
	Speaking:		
	Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions.		
Prerequisites and co-requisites	Students starting their studies must have at least B1 level language knowledge.
