

Subject card

Subject name and code	Essentials of micro- and macroeconomics, PG_00045359									
Field of study	Data Engineering									
Date of commencement of studies	October 2021		Academic year of realisation of subject			2021/2022				
Education level	first-cycle studies		Subject group			Obligatory subject group in the field of study				
						Subject group related to scientific research in the field of study				
Mode of study	Full-time studies		Mode of delivery			at the university				
Year of study	1		Language of instruction			English				
Semester of study	2		ECTS credits			5.0				
Learning profile	general academic profile		Assessment form			exam				
Conducting unit	Faculty of Manageme	ent and Econor	nics							
Name and surname	Subject supervisor	dr hab. inż. Krzysztof Zięba								
of lecturer (lecturers)	Teachers		dr hab. inż. Krzysztof Zięba							
			dr hab. Julita	Wasilczuk						
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	:t	Seminar	SUM		
of instruction	Number of study hours	30.0	45.0	0.0	0.0		0.0	75		
	E-learning hours included: 0.0									
	Address on the e-learning platform: https://enauczanie.pg.edu.pl/moodle/course/view.php?id=17052 Adresy na platformie eNauczanie:									
Learning activity and number of study hours	Learning activity Participation in classes including plan				Self-st	udy	SUM			
	Number of study hours	75		4.0		46.0		125		
Subject objectives	The goal of the course to get students acquainted with foundations of micro- and macroeconomics, as well as with practical issues related to modern market economy operations.									
Learning outcomes	Course outcome		Subject outcome			Method of verification				
	[K6_K02] is aware of the role of a technical university graduate in the society; reflects on ethical, scientific and social aspects of the performed work; understands the necessity of participation in social projects and complies with copyright law, taking into account economic, legal and technical aspects.		Students are able to formulate proper opinions regarding economic issues. Ther appreciate the social role of data engineering.			[SK5] Assessment of ability to solve problems that arise in practice [SK1] Assessment of group work skills				
	[K6_U07] can describe and interpret fundamental economic concepts and phenomena.		Students appreciate dynamic economics changes in modern economies and therefore they realise how important it is to update the economic knowledge.			[SU2] Assessment of ability to analyse information				
[K6_W09] has basic knowledge of the nature of economic sciences and ways of its description with IT tools		Students know the scope of economics as science and basic problems analysed in economics. They understand the nature of major economics problems in modern economies. They know main sources of economic data and are aware of how to process this data using simple IT tools.			[SW1] Assessment of factual knowledge
