

Subject card

Subject name and code	English Language IV, PG_00047842						
Field of study	Informatics						
Date of commencement of studies	October 2021		Academic year of realisation of subject		2023/2024		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study		
Mode of study	Part-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		English		
Semester of study	5		ECTS credits		4.0		
Learning profile	general academic profile		Assessment form		exam		
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Agnieszka Jachowicz				
	Teachers		mgr Krzysztof Lis				
			mgr Jolanta Maciejewska				
			mgr Agnieszka Jachowicz				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		10.0		60.0	100
Subject objectives	Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical environment.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_K81] is able to cooperate in international student team		Successful cooperation with foreign students		[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Successful communication in daily life and in an academic and professional environment.		[SK4] Assessment of communication skills, including language correctness		
	[K6_U81] is able to communicate appropriately in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment		[SU1] Assessment of task fulfilment		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language		Understanding of specialist literature and technical instructions. Translation of short technical texts. Preparation of presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts. Understanding of speeches and lectures		[SU1] Assessment of task fulfilment		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Knowledge of grammar structures and vocabulary necessary to communicate in the range of both general and technical English used in Informatics.		[SW1] Assessment of factual knowledge [SW3] Assessment of knowledge contained in written work and projects		

Subject contents	<div>1. Teaching effective communication in English in various environments, e.g., at university and in the workplace, including presenting viewpoints, supporting opinions, developing arguments, responding and reasoning based on critical thinking.</div> <div>2. Gathering and using information from literature, databases and other resources written in specialist language.</div> <div>3. Developing student’s knowledge of technical vocabulary through research and the analysis of scientific papers, instructions, manuals, specifications, reports, case studies and various documents published on the Internet.</div> <div>4. Analyzing and understanding specialist language and translating short technical texts.</div> <div>5. Developing formal writing skills – writing abstracts, summaries, instructions, manuals, reports, covering letters, CV profiles as well as describing graphs, charts and processes.</div> <div>6.
