

Subject card

Subject name and code	Fundamentals of economics, PG_00056661									
Field of study	Power Engineering, Power Engineering									
Date of commencement of	October 2021	Academic year of			2021/2022					
studies		realisation of subject			2021/2022					
Education level	first-cycle studies	Subject group								
Mode of study	Full-time studies		Mode of delivery			at the university				
Year of study	1		Language of instruction			Polish lack				
Semester of study	1	ECTS credits			1.0					
Learning profile	general academic pro	Assessment form			assessment					
Conducting unit	Institute of Ocean Eng Technology	nstitute of Ocean Engineering and Ship Technology -> Faculty of Mechanical Engineering and Ship echnology								
Name and surname	Subject supervisor		dr Anna Dembicka							
of lecturer (lecturers)	Teachers		dr Anna Dembicka							
Lesson types and methods	Lesson type Lecture		Tutorial Laboratory Project		t	Seminar	SUM			
of instruction	Number of study hours	15.0	0.0	0.0	0.0		0.0	15		
	E-learning hours included: 0.0									
	Adresy na platformie eNauczanie:									
	Podstawy ekonomii - przedmiot humanistyczno-społeczny (wybieralny) - Moodle ID: 18918 https://enauczanie.pg.edu.pl/moodle/course/view.php?id=18918									
Learning activity and number of study hours	Learning activity	Participation in classes include plan				Self-study		SUM		
	Number of study hours	15		0.0		0.0		15		
Subject objectives	It is assumed that after completing the course Fundamentals of economics, the student will understand and correctly use the basic categories and understand the phenomena in the field of economics discussed during the lecture.									
Learning outcomes	Course out	Subject outcome			Method of verification					
	[K6_U71] is able to apply knowledge from humanistic, social, economic or legal sciences in order to solve problems in a social environment		He can apply the acquired knowledge in the field of social, economic or legal sciences to solve problems arising in the social environment (including the work environment).			[SU2] Assessment of ability to analyse information [SU3] Assessment of ability to use knowledge gained from the subject [SU4] Assessment of ability to use methods and tools [SU5] Assessment of ability to present the results of task				
	[K6_K71] is conscious of the need to apply knowledge from humanistic, social, economic or legal sciences in order to function in a social environment		Is aware of using the acquired knowledge in the field of economics, humanities, social and legal sciences and its current supplementation.			[SK3] Assessment of ability to organize work [SK5] Assessment of ability to solve problems that arise in practice [SK1] Assessment of group work skills [SK2] Assessment of progress of work				
	[K6_W71] has general knowledge in humanistic, social, economic or legal sciences		field of economic, humanities, social and legal sciences.			[SW1] Assessment of factual knowledge [SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects
