

## Subject card

Subject name and code	, PG_00057133						
Field of study	Ocean Engineering						
Date of commencement of studies	February 2022			Academic year of realisation of subject		2021/2022	
Education level	second-cycle studies			Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study	
Mode of study	Full-time studies			Mode of delivery		at the university	
Year of study	1			Language of instruction		Polish	
Semester of study	1			ECTS credits		2.0	
Learning profile	general academic profile			Assessment form		assessment	
Conducting unit	Institute of Ocean Engineering and Ship Technology -> Faculty of Mechanical Engineering and Ship Technology						
Name and surname of lecturer (lecturers)	Subject supervisor			dr inż. Daniel Piątek			
	Teachers			dr inż. Daniel Piątek			
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
	Transport morski i intermodalny, W, OCE II stacjonarne, sem 1, lato 2021/22, (PG_00057133) - Moodle ID: 23465 <a href="https://enauczanie.pg.edu.pl/moodle/course/view.php?id=23465">https://enauczanie.pg.edu.pl/moodle/course/view.php?id=23465</a>						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		5.0		15.0	50
Subject objectives	- the role of maritime transport and its main means of shipping in global trade;  - adaptation of the ship to the transport function;  - integration of maritime transport with other modes of transport;						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K7_W08] has knowledge necessary to understand economical, social and legal conditions and effects of engineering activities, knows general principles of initiating and develop forms of private entrepreneurship and has knowledge on the protection of industrial and intellectual property and on the copyrights		the student knows the main aspects related to the economics and safety of transport systems functioning		[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects		
	[K7_W09] has organized, widened knowledge on the principles of sustainable development		the student knows the environmental impact of individual means of transport and is able to describe the technical measures to reduce this impact.		[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects		
	[K7_W07] has knowledge on the development perspectives of ocean technology objects and systems, knows the newest and most relevant achievements in ocean technology		the student knows the advantages and disadvantages of various types of transport, can identify development trends		[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects		

Subject contents	<ul style="list-style-type: none"> <li>- the role of a means of transport which is a sea ship in global transport;</li> <li>- adaptation of the sea-going vessel to the transport function (technical solutions, economy, safety);</li> <li>- transshipment terminals (containers, bulk products);</li> <li>- links with inland, road and maritime transport (including intermodality);</li> <li>- means and infrastructure of transport (inland, rail and rail);</li> <li>- the effect of types of transport;</li> </ul>								
Prerequisites and co-requisites									
Assessment methods and criteria	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th style="width: 33%;">Subject passing criteria</th> <th style="width: 33%;">Passing threshold</th> <th style="width: 33%;">Percentage of the final grade</th> </tr> </thead> <tbody> <tr> <td>test</td> <td>60.0%</td> <td>100.0%</td> </tr> </tbody> </table>			Subject passing criteria	Passing threshold	Percentage of the final grade	test	60.0%	100.0%
Subject passing criteria	Passing threshold	Percentage of the final grade							
test	60.0%	100.0%
