

## Subject card

Subject name and code	English Language, PG_00044174								
Field of study	Civil Engineering								
Date of commencement of studies	October 2021		Academic year of realisation of subject		2021/2022				
Education level	first-cycle studies		Subject group						
Mode of study	Full-time studies		, , ,			at the	at the university		
Year of study	1			Language of instruction English			sh		
Semester of study	2		ECTS credits			2.0			
Learning profile	general academic profile		Assessme	Assessment form			assessment		
Conducting unit	Language Centre -> Vice-Rector for Education								
Name and surname	Subject supervisor	mgr Joanna Olszewska							
of lecturer (lecturers)	Teachers		mgr Jarosław Nieszczółkowski						
			dr Iwona Mokwa-Tarnowska						
			mgr Jolanta	mgr Jolanta Maciejewska					
			mgr Anita Mieszkowska						
			mgr Krzysztof Lis						
			mgr Aleksandra Lis						
			mgr Marzena Grygiel						
			mgr Anna Kucharska-Raczunas						
			mgr Marek Adamczyk						
			mgr Małgorzata Fenc						
			mgr Janina Badocha						
			mgr Witold Zbirohowski-Kościa						
			mgr Joanna Olszewska						
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM	
of instruction	Number of study hours	0.0	30.0	0.0	0.0		0.0	30	
	E-learning hours included: 0.0								
	Adresy na platformie eNauczanie:								
	Additional information:								
Learning activity and number of study hours	Learning activity Participation in classes include plan				Self-study		SUM		
	Number of study hours	study 30		5.0		25.0		60	
Subject objectives	Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.

Learning outcomes	Course outcome	Subject outcome	Method of verification	
Ğ	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	The student is prepared to take part in lectures, seminars and laboratories conducted in English	[SK4] Assessment of communication skills, including language correctness	
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Student possesses and processes information in English in the field of Civil Engineering and the academic environment	[SW3] Assessment of knowledge contained in written work and projects	
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	The student is able to communicate effectively in everyday life situations and in his professional field	[SU3] Assessment of ability to use knowledge gained from the subject	
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Student acquires and processes information in English in the field of Civil Engineering and the academic environment	[SU3] Assessment of ability to use knowledge gained from the subject	
	[K6_K81] is able to cooperate in international team	The student is able to cooperate in an international group.	[SK1] Assessment of group work skills

Subject contents	Vocabulary:
	Deepening knowledge of basic and specialist terms and expressions used in technical and academic language as well as the language of work. Exercises concerning lexical structures, describing the physical properties of materials, shapes, basic mathematical terminology, interpreting figures and diagrams, and explaining processes. Introduction of specialist language in the field of <i>Building Structures and Material Engineering</i> .
	Grammar:  Using grammar appropriate to the given language level. Learning of structures essential for written and verbal communication in academic and professional environments.
	Writing:
	Practising skills in writing various texts essential in academic and work environments, including: reports, CVs, emails, summaries, notes, abstracts, instructions and descriptions of processes.
	Reading:
	Deepening reading comprehension of original academic and professional texts.
	Listening:
	Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: telephone conversations, interviews, customer service, lectures and presentations.
	Speaking:
	Practising communication skills in academic and work environments, such as: the giving of presentations, job interviews, formal and informal conversations, negotiating, presenting arguments, solving problems, participating in case studies, conducting formal meetings, etc. Practising the correct pronunciation and intonation of expressions.
Prerequisites	Before joining a language group, students are expected to be at level B1 or higher.
and co-requisites	25.5.5 joining a language group, statents are expected to be at level by or higher.
