

Subject card

Subject name and code	Diploma Seminar, PG_00018254						
Field of study	Electrical Engineering						
Date of commencement of studies	October 2022		Academic year of realisation of subject		2025/2026		
Education level	first-cycle studies		Subject group		Optional subject group		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	4		Language of instruction		Polish		
Semester of study	7		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Dean's Office - Faculty of Electrical and Control Engineering -> Faculty of Electrical and Control Engineering						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Anna Golijanek-Jędrzejczyk				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	15.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		0.0		0.0	15
Subject objectives	The aim of the course is to present the current state of implementation of an engineering project to the group.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	K6_K02		Arranges a plan of research work so as in order to achieve the intended results in the desired outcome in a timely manner. Takes on the role of leader and member of the of the group.		[SK3] Assessment of ability to organize work [SK1] Assessment of group work skills [SK2] Assessment of progress of work		
	K6_W12		Applies ways to reduce risks from electrical appliances. Applies principles of ergonomics and health and safety at work.		[SW3] Assessment of knowledge contained in written work and projects		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Uses a foreign language in academic environment.		[SU4] Assessment of ability to use methods and tools		
	K6_U03		Prepares and presents a short presentation on the implementation and results of an engineering task.		[SU5] Assessment of ability to present the results of task		
Subject contents	SEMINAR: Detailed knowledge of the rules and requirements for the diploma process. Two students prepare a multimedia presentation on the state of implementation of the engineering diploma thesis.						
Prerequisites and co-requisites							

Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Assessment of the presentation	60.0%	100.0%
