

## Subject card

|   |  |  |                                     |            |  |            |     |
|---|--|--|-------------------------------------|------------|--|------------|-----|
| Subject name and code                       | Basics of psychology, PG_00056656  |  |                                     |            |  |            |     |
| Field of study                              | Power Engineering, Power Engineering, Power Engineering  |  |                                     |            |  |            |     |
| Date of commencement of studies             | October 2022   | Academic year of realisation of subject  |                                     |            |  | 2022/2023  |     |
| Education level                             | first-cycle studies  | Subject group  |                                     |            |  |            |     |
| Mode of study                               | Full-time studies  | Mode of delivery   |                                     |            |  | e-learning |     |
| Year of study                               | 1  | Language of instruction  |                                     |            |  | Polish     |     |
| Semester of study                           | 1  | ECTS credits   |                                     |            |  | 1.0        |     |
| Learning profile                            | general academic profile   | Assessment form  |                                     |            |  | assessment |     |
| Conducting unit                             |  |  |                                     |            |  |            |     |
| Name and surname of lecturer (lecturers)    | Subject supervisor   | dr n.med. Dorota Janikowska-Hołoweńko  |                                     |            |  |            |     |
|   | Teachers   | dr n.med. Dorota Janikowska-Hołoweńko  |                                     |            |  |            |     |
| Lesson types and methods of instruction     | Lesson type  | Lecture  | Tutorial                            | Laboratory | Project  | Seminar    | SUM |
|   | Number of study hours  | 15.0   | 0.0                                 | 0.0        | 0.0  | 0.0        | 15  |
|   | E-learning hours included: 15.0  |  |                                     |            |  |            |     |
| Learning activity and number of study hours | Learning activity  | Participation in didactic classes included in study plan   | Participation in consultation hours |            | Self-study   | SUM        |     |
|   | Number of study hours  | 15   | 0.0                                 |            | 0.0  | 15         |     |
| Subject objectives                          | To acquaint students with the basic knowledge of psychology  |  |                                     |            |  |            |     |
| Learning outcomes                           | Course outcome   | Subject outcome  |                                     |            | Method of verification   |            |     |
|   | [K6_U71] is able to apply knowledge from humanistic, social, economic or legal sciences in order to solve problems in a social environment   | The student understands the non-technical aspects of his / her work<br>The student knows the basic knowledge of experiencing and using social influence.                   |                                     |            | [SU3] Assessment of ability to use knowledge gained from the subject<br>[SU5] Assessment of ability to present the results of task |            |     |
|   | [K6_K71] is conscious of the need to apply knowledge from humanistic, social, economic or legal sciences in order to function in a social environment  | The student knows the basics of therapeutic directions in psychology, has knowledge of individual differences and the possibilities of human development.                  |                                     |            | [SK5] Assessment of ability to solve problems that arise in practice<br>[SK2] Assessment of progress of work                       |            |     |
|   | [K6_W71] has general knowledge in humanistic, social, economic or legal sciences   | The student has basic psychological knowledge regarding the development of psychology, directions and psychological currents, knowledge of great experiments in psychology |                                     |            | [SW1] Assessment of factual knowledge<br>[SW2] Assessment of knowledge contained in presentation                                   |            |     |
| Subject contents                            | History of the development of psychology. Psychological trends and currents over the centuries. Great psychological experiments. Individual personality and temperamental differences. The role of personal and situational factors in the case of one's own and other's behavior. Social perception, i.e. mistakes made in assessing oneself and others. Therapeutic directions of contemporary psychology. |  |                                     |            |  |            |     |
| Prerequisites and co-requisites             |  |  |                                     |            |  |            |     |
| Assessment methods and criteria             | Subject passing criteria   | Passing threshold  |                                     |            | Percentage of the final grade  |            |     |
|   |  | 60.0%  |                                     |            | 50.0%  |            |     |
|   |  | 100.0%   |                                     |            | 50.0%  |            |     |
