Subject contents	<p>Vocabulary:</p> <p>Vocabulary activities develop students knowledge and use of common-core technical and sub-technical vocabulary. Activities deal with lexical sets (e.g. physical properties and shapes) and word families; diagrams clarify the key technical terms associated with a process.</p> <p>Some pronunciation work on syllable stress is covered.</p> <p>Grammar:</p> <p>The grammar is presented in a simple, straightforward manner and gives only the basic minimum of information necessary. Students learn narrative, present, future, tenses, relative and time clauses and modals.</p> <p>Writing:</p> <p>Writing skills are developed through a variety of tasks in realistic contexts, reflecting the range of text types which students might have to produce at work or as part of their technical training. Writing activities include e.g. process explanations, reports, CVs, emails, summaries, instructions, technical descriptions.</p> <p>Reading:</p> <p>The aims of reading activities vary from in-depth understanding to following instructions or searching for technical details. The reading texts reflect real life texts and are all based on authentic sources.</p> <p>Speaking:</p> <p>Speaking activities aim to equip students with the skills to communicate effectively with fellow professionals, colleagues, trainers and customers. Speaking tasks reflect real world situations such as giving instructions, comparing products, arguing and defending a point of view, questioning, interviewing, checking information and arranging meetings. Students are guided towards preparing and giving presentations based on notes and diagrams.</p> <p>Listening:</p> <p>Listening skills are developed through a variety of activities using audio texts set in both work and training context. Audio texts include phone conversations, interviews,</p> <p>customer service and presentations. Students listen for the main idea or specific information.</p>															
Prerequisites and co-requisites	Students in A2 groups must have already attained the A1 level, the same follows with all the other levels.
