[SU2] Assessment of ability to analyse information		
	[K7_U08] has the ability to implement analytical methods to independently propose solutions to economic problems and verify their effectiveness	The student selects the information from different data sources on the performed analysis and presents its individual stages.			[SU4] Assessment of ability to use methods and tools [SU1] Assessment of task fulfilment		
	[K7_K01] understands the need for continuous learning and, in particular, for advanced and modern tools for data analysis	The student presents research questions, hypotheses and draws conclusions correctly			[SK1] Assessment of group work skills		
	[K7_W13] knows and understands the basic concepts and principles of industrial property and copyright protection and the need to manage intellectual property resources	The student applies the appropriate copyright laws while collecting statistical data, writing the thesis and presenting the data.			[SW1] Assessment of factual knowledge		
Subject contents	Seminar content is appropriate for the selected specialization.						
Prerequisites and co-requisites	Registration for the diploma semester.						
Assessment methods and criteria	Subject passing criteria	Passing threshold		Percentage of the final grade			
	report/presentation	60.0%		100.0%			
Recommended reading	Basic literature	The reading list appropriate for the selected specialization.					
	Supplementary literature	none					

	eResources addresses	
Example issues/ example questions/ tasks being completed		
Work placement	Not applicable
