

Subject card

Subject name and code	English Language, PG_00004912						
Field of study	Mechanical Engineering						
Date of commencement of studies	October 2022		Academic year of realisation of subject		2022/2023		
Education level	first-cycle studies		Subject group				
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		English		
Semester of study	2		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Krzysztof Lis				
	Teachers		mgr Anna Kucharska-Raczunas mgr Janina Badocha mgr Krzysztof Lis dr Iwona Mokwa-Tarnowska mgr Witold Zbirohowski-Kośćcia mgr Jolanta Maciejewska mgr Anita Mieszkowska				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		0.0		0.0	30
Subject objectives	Development of all language skills in academic and professional contexts.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_K81] is able to cooperate in international team	Can work together in an international team.	[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Ability to receive and process foreign language information at B2 level for the course of study and the academic environment.	[SU2] Assessment of ability to analyse information [SU5] Assessment of ability to present the results of task
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Knowledge of the grammatical structures and lexical areas required to understand a foreign language in general situations, as well as the technical language related to the course of study.	[SW2] Assessment of knowledge contained in presentation [SW3] Assessment of knowledge contained in written work and projects
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Can work together in an international team.	[SU2] Assessment of ability to analyse information [SU5] Assessment of ability to present the results of task
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	Understanding of specialist literature and technical instructions and longer speeches and lectures.	[SK4] Assessment of communication skills, including language correctness
Subject contents	<p>Listening: descriptions of tools and machines, directions and following a map, brainstorming and discussions, phone conversations, listening to a specialist meeting.</p> <p>Speaking: describing tools, machines and diagrams, brainstorming and discussions, giving and following rules and directions, setting rules for cooperation within a group, expressing cause and effect in technological processes, studying diagrams, giving directions, describing everyday routine, explaining the objectives of a task, giving a talk.</p> <p>Reading: maintenance manuals, rules and directions, emails, descriptions of buildings, an alarm system, a project summary.</p> <p>Writing: definitions, a report, safety rules, replying to an email, preparing notes for a meeting, writing memos and minutes, summary of a short specialist text.</p> <p>Grammar and vocabulary complementary to the current material.</p>		
Prerequisites and co-requisites	Students in A2 groups must have already attained the A1 level, the same follows with all the other levels.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	class participation/speaking	60.0%	20.0%
	test	60.0%	60.0%
	writing	60.0%	20.0%
