

。 GDAŃSK UNIVERSITY OF TECHNOLOGY

Subject card

Subject name and code	Transport Policy, PG_00044642								
Field of study	Transport								
Date of commencement of studies	October 2022		Academic year of realisation of subject			2024/2025			
Education level	first-cycle studies		Subject group			Optional subject group			
Mode of study	Full-time studies		Mode of delivery			at the university			
Year of study	3		Language of instruction			Polish			
Semester of study	6		ECTS credits			3.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Department Of Transportation Engineering -> Faculty Of Civil And Environmental Engineering -> Wydziały Politechniki Gdańskiej								
Name and surname	Subject supervisor		dr inż. Krystian Birr						
of lecturer (lecturers)	Teachers		dr inż. Aleksandra Romanowska dr inż. Krystian Birr						
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM	
of instruction	Number of study hours	30.0	15.0	0.0	0.0		0.0	45	
	E-learning hours incl	uded: 0.0							
Learning activity and number of study hours	Learning activity	Participation i classes includ plan		Participation i consultation h			tudy	SUM	
	Number of study hours	45		5.0 2		25.0 75		75	
Subject objectives	The aim of the cours and impact on the ec							ence, goals	
Learning outcomes							Method of ve	rification	
	[K6_U12] able to select tools and methods, carry out assessments and simple tests of transport systems to an extent required of the specialty / learning profile		The student can make comprehensive evaluation of transport policy			[SU5] Assessment of ability to present the results of task [SU4] Assessment of ability to use methods and tools [SU2] Assessment of ability to analyse information [SU1] Assessment of task fulfilment			
	[K6_W17] has proficiency in transport systems as appropriate for their specialty		The student analyzes transport system including place and the role of transport in the economic system and the impact of transport on economy.			[SW2] Assessment of knowledge contained in presentation [SW1] Assessment of factual knowledge			
Subject contents	The essence and objectives of transport policy, the role of transport in the economy, the impact of the economy on the development of transport. Methods and instruments of transport policy, principles of transport policy, sustainable development of the sector transport in the transport policy of Poland and other EU countries, paradigms of EU transport development. Transport corridors as an instrument of the contemporary EU transport policy. Transport policy of Poland for the years 2006-2025. The development of individual modes of transport, technical progress and advanced systems of organization and management in transport, transport policy and the environment, transport policy in cities and agglomerations, directions transport development								
Prerequisites and co-requisites	basic economic knowledge								
Assessment methods and criteria	Subject passing criteria		Passing threshold			Percentage of the final grade			
			60.0%			50.0%			
			60.0%			50.0%
