

## Subject card

Subject name and code	Strategic Management, PG_00037905										
Field of study	Management, Management										
Date of commencement of studies	February 2023	Academic year of realisation of subject		2023/2024							
Education level	second-cycle studies	Subject group		Obligatory subject group in the field of study	Subject group related to scientific research in the field of study						
Mode of study	Full-time studies	Mode of delivery		at the university							
Year of study	1	Language of instruction		Polish							
Semester of study	2	ECTS credits		4.0							
Learning profile	general academic profile	Assessment form		exam							
Conducting unit	Department of Management -> Faculty of Management and Economics										
Name and surname of lecturer (lecturers)	Subject supervisor	prof. dr hab. Jan Kreft									
	Teachers	prof. dr hab. Jan Kreft									
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar					
	Number of study hours	30.0	30.0	0.0	0.0	60					
E-learning hours included: 0.0											
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours	Self-study	SUM					
	Number of study hours	60		5.0	35.0	100					
Subject objectives	Acquisition of knowledge about the processes of strategic management in the modern enterprise.										
Learning outcomes	Course outcome		Subject outcome		Method of verification						
	[K7_W11] has an in-depth knowledge of the creation, operation and design of management structures and systems and their improvement in the process of achieving objectives		It defines the basic concepts associated with the process of strategic management. It uses methods of analysis: Porter's five forces, PEST, SWOT.		[SW3] Assessment of knowledge contained in written work and projects						
	[K7_U05] selects appropriate methods and tools to describe and analyse the problems and areas of activity of the organization and its environment and assess their usefulness and effectiveness, with particular emphasis on their application in government, local government and non-profit organizations		The student knows and can apply appropriate methods of strategic analysis of the problems inherent in the relevant areas of the organization.		[SU4] Assessment of ability to use methods and tools
