

## Subject card

Subject name and code	Diploma/Final Dissertation, PG_00057103						
Field of study	Transport and Logistics						
Date of commencement of studies	February 2023		Academic year of realisation of subject		2023/2024		
Education level	second-cycle studies		Subject group		Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	2		Language of instruction		Polish		
Semester of study	3		ECTS credits		20.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Institute of Ocean Engineering and Ship Technology -> Faculty of Mechanical Engineering and Ship Technology						
Name and surname of lecturer (lecturers)	Subject supervisor						
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	0.0	0.0	0
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	0		15.0		485.0	500
Subject objectives	The aim of the course is to carry out the necessary scientific work resulting in the writing of a master's thesis on an issue related to shipbuilding or transport and logistics. The work is carried out under the scientific supervision of the supervisor.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K7_K04] The student is able to properly define priorities to achieve a specific goal or other tasks, correctly identifies and resolves dilemmas related to the performance of the profession		The student is able to plan the process leading to the achievement of a goal, in this case a master's thesis, in order to stay within the given time budget.		[SK5] Assessment of ability to solve problems that arise in practice		
	[K7_K01] The student understands the need for lifelong learning, is able to critically assess the content, knows the importance of knowledge in solving cognitive and practical problems		The student is aware of changes in the world and assess the usefulness of the materials he has collected as a result of literature analysis.		[SK2] Assessment of progress of work		
	[K7_U01] The student can obtain information from literature, databases and other, properly selected sources, also in English; is able to integrate the obtained information, interpret it, as well as draw conclusions and formulate and justify opinions		The student is able to independently analyze the literature in a given subject, understanding the importance of this process.		[SU4] Assessment of ability to use methods and tools		
	[K7_W10] The student has the appropriate knowledge to complete a master's thesis in the field of transport		After completing the master's thesis, the student's level of knowledge in the subject is such that he or she can independently perform a task of a similar level of complexity to the thesis.		[SW1] Assessment of factual knowledge		
	[K7_U06] The student is able to notice their non-technical aspects, including environmental, economic and legal aspects when formulating and solving project tasks. Applies the principles of occupational health and safety		The student is able to determine the scope of tasks to be performed and their nature, while understanding the complexity of the issue and the interactions of the analyzed process with the environment.		[SU2] Assessment of ability to analyse information		

Subject contents	In accordance with the work plan consulted with the supervisor and adopted by him.		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	Thesis assessment	75.0%	100.0%
Recommended reading	Basic literature	According to the adopted research plan.	
	Supplementary literature	According to the adopted research plan.	
	eResources addresses	Adresy na platformie eNauczanie:	
Example issues/ example questions/ tasks being completed			
Work placement	Not applicable
