

Subject card

Subject name and code	, PG_00059135						
Field of study	Environmental Engineering						
Date of commencement of studies	October 2022	Academic year of realisation of subject	2025/2026				
Education level	first-cycle studies	Subject group	Humanistic-social subject group				
Mode of study	Part-time studies	Mode of delivery	at the university				
Year of study	4	Language of instruction	Polish				
Semester of study	8	ECTS credits	1.0				
Learning profile	general academic profile	Assessment form	assessment				
Conducting unit	Department of Entrepreneurship -> Faculty of Management and Economics -> Faculties of Gdańsk University of Technology						
Name and surname of lecturer (lecturers)	Subject supervisor	dr Mariusz Zaborowski					
	Teachers						
Lesson types	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	10.0	5.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
	eNauczanie source addresses: Moodle ID: 47687 Prawo Zamówień Publicznych IŚ - letni https://enauczanie.pg.edu.pl/moodle/course/view.php?id=47687						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM		
	Number of study hours	15	0.0	15.0	30		
Subject objectives	The student learns the issues and regulations related to the principles of awarding public contracts, and acquires the skills to navigate and participate in the public procurement market						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_K01] can think and act in a creative and enterprising way; can set priorities for the implementation of an individual or group task; understands the need for continuous training and professional responsibility for their activities and team	He understands the regulations regarding the operation of entrepreneurs in Poland.	[SK4] Assessment of communication skills, including language correctness
	[K6_U16] can, when formulating and solving engineering tasks in environmental engineering, evaluate, select and apply appropriate methods and tools, recognize their non-technical aspects, including environmental, economic and legal aspects	He can use the applicable legal principles functioning in the field of managerial activities.	[SU2] Assessment of ability to analyse information
	[K6_W10] has elementary knowledge in the field of running a business in the sanitary industry; knows the general principles of creating and developing forms of individual entrepreneurship; knows the basic principles of health and safety at work in the laboratory and at the construction site	Identifies issues related to starting and running a business	[SW1] Assessment of factual knowledge
[K6_W13] has a structured knowledge of current legal regulations regarding environmental protection, water and construction law; knows the basics of public procurement law, patent law, intellectual property protection and labor protection	The student analyzes legal acts related to public procurement. The student explains issues related to conducting public procurement procedures.	[SW1] Assessment of factual knowledge	
Subject contents	Course content – lecture 1. Legal regulations related to public procurement 2. History of public procurement 3. Principles of public procurement 4. Public procurement market in Poland 5. Role of public procurement and impact on the entrepreneur 6. Public procurement in construction 7. Preparation and conduct of procurement procedures 8. Basic tender procedures 9. Creating tender documents SWZ 10. Making selection of offers in public tenders 11. Public procurement contracts 12. Legal protection measures available to entrepreneurs 13. Responsibility for violation of the provisions of the Act 14. Principles of starting and running a business		
Prerequisites and co-requisites			
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	test	60.0%	100.0%
