

SDAŃSK UNIVERSITY 的 OF TECHNOLOGY

Subject card

Subject name and code	Law in geodesy and cartography A, PG_00039423								
Field of study	Geodesy and Cartography								
Date of commencement of studies	February 2023		Academic year of realisation of subject			2022/2023			
Education level	second-cycle studies		Subject group						
Mode of study	Full-time studies		Mode of delivery			at the university			
Year of study	1		Language of instruction			Polish			
Semester of study	1		ECTS credits			2.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Department of Geodesy -> Faculty of Civil and Environmental Engineering								
Name and surname	Subject supervisor		dr inż. Paweł Wysocki						
of lecturer (lecturers)	Teachers								
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM	
	Number of study hours	15.0	15.0	0.0	0.0		0.0	30	
	E-learning hours included: 0.0								
Learning activity and number of study hours	Learning activity	Participation in classes includ plan		Participation i consultation h		Self-study		SUM	
	Number of study hours	30	7.0			13.0		50	
Subject objectives	Knowing the current legal regulations related to geodesy and cartography. Understanding the role of regulations in the surveyor's work.								
Learning outcomes	Course outcome		Subject outcome			Method of verification			
	[K7_W06] has the knowledge of geodetic and cartographic law and standards, technical standards in the field of geodesy and cartography; knows the legal regulations related geodesic and cartographic resources		Knowledge of the applicable geodetic and cartographic law.			[SW2] Assessment of knowledge contained in presentation [SW1] Assessment of factual knowledge			
	[K7_K01] understands the need for continuous improvement of professional qualifications and respect for professional ethics		Ability to use geodetic law with the awareness of personal and professional responsibility.			[SK4] Assessment of communication skills, including language correctness			
Subject contents	Issues from the Act on Geodetic and Cartographic Law, including the organization of surveying and cartographic services in Poland. Principles of operation of Geodetic and Cartographic Documentation Centers. Professional qualifications for performing independent functions in the field of geodesy and cartography. Selected issues from the "Code of Administrative Procedure" with particular emphasis on surveying procedures.								
Prerequisites and co-requisites									
Assessment methods	Subject passing criteria Presentation		Passing threshold			Percentage of the final grade			
and criteria			70.0%			100.0%			
Recommended reading	Basic literature		 Sikora A: Legal vademecum for the surveyor 2019, wydawnictwo GALL, Katowice 2019 Current legal acts on the websites: www.gugik.gov.pl => law and isap.sejm.gov.pl
