

Subject card

Subject name and code	English Language, PG_00044181							
Field of study	Transport							
Date of commencement of studies	October 2021		Academic year of realisation of subject		2022/2023			
Education level	first-cycle studies		Subject group					
Mode of study	Full-time studies		Mode of delivery		at the	at the university		
Year of study	2		Language of	Language of instruction		English		
Semester of study	4		ECTS credits			2.0		
Learning profile	general academic profile		Assessment form			assessment		
Conducting unit	Language Centre -> \	vice-Rector for	Education					
Name and surname	Subject supervisor							
of lecturer (lecturers)	Teachers		mgr Małgorzata Strach-Drabina					
			mgr Małgorzata Piechocińska					
			mgr Janina Badocha					
			, and the second	-				
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	:t	Seminar	SUM
of instruction	Number of study hours	0.0	30.0	0.0	0.0		0.0	30
	E-learning hours inclu	uded: 0.0			!		!	•
Learning activity and number of study hours	Learning activity	Participation in classes include plan		Participation i consultation h		Self-study SUM		SUM
	Number of study hours	30		7.0		23.0		60
Subject objectives	Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.							
Learning outcomes	Course out	come	Subj	ect outcome			Method of vei	rification
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Successful communication in daily life and in an academic and professional environment.		[SU5] Assessment of ability to present the results of task			
			Ability to prepare a description of a process, a diagram, a figure, an instruction and so on.		[SU5] Assessment of ability to present the results of task			
	resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Understanding of various texts, including technical and specialist literature. Translation of short technical texts. Preparation of short presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts.		[SW2] Assessment of knowledge contained in presentation			
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Successful communication in an academic environment. Understanding of speeches and lectures.			[SK4] Assessment of communication skills, including language correctness		
	[K6_K81] is able to cooperate in international team		Ability to communicate and cooperate in teams.			[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills		

Data wydruku: 03.05.2024 18:49 Strona 1 z 4

Subject contents	Vocabulary:				
	Deepening knowledge of basic and specialist terms and expressions used in technical and academic language as well as the language of work. Exercises concerning lexical structures, describing the physical properties of materials, shapes, basic mathematical terminology, interpreting figures and diagrams, and explaining processes. Introduction of specialist language in the field oftransport.				
	Grammar:				
	Using grammar appropriate to the given language level. Learning of structures essential for written and verbal communication in academic and professional environments.				
	Writing:				
	Practising skills in writing various texts essential in academic and work environments, including: reports, CVs, emails, summaries, notes, abstracts, instructions and descriptions of processes.				
	Reading:				
	Deepening reading comprehension of original academic and professional texts.				
	Listening:				
	Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: telephone conversations, interviews, customer service, lectures and presentations.				
	Practising communication skills in academic and work environments, such as: the giving of presentations, job interviews, formal and informal conversations, negotiating, presenting arguments, solving problems, participating in case studies, conducting formal meetings, etc. Practising the correct pronunciation and intonation of expressions.				
Prerequisites and co-requisites	Before joining a language group, stu	idents are expected to be at level B1	or higher		
Assessment methods	Subject passing criteria	Passing threshold	Percentage of the final grade		
and criteria	class participation/speaking	60.0%	20.0%		
	tests	60.0%	60.0%		
	writing	60.0%	20.0%
