eResources addresses	Adresy na platformie eNauczanie:

Example issues/ example questions/ tasks being completed	Calculate the cross rate. When is the spot value date? You have received two-sided US dollar or euro rates against quote currencies from five dealers in the market. As a market user, you have to choose the best EUR / USD rate available - from which dealer would you buy $ 1000? How much will the forward rate be?
Work placement	Not applicable
