

## 

## Subject card

Subject name and code	Quality of Electric Energy, PG_00038377							
Field of study	Electrical Engineering							
Date of commencement of studies	October 2023		Academic year of realisation of subject			2023/2024		
Education level	second-cycle studies		Subject group			Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Part-time studies		Mode of delivery			at the university		
Year of study	1		Language of instruction			Polish		
Semester of study	2		ECTS credits			3.0		
Learning profile	general academic profile		Assessment form			assessment		
Conducting unit	Department of Power	d Electrical Machines -> Faculty of Electrical and Control Engineering						
Name and surname	Subject supervisor	dr hab. inż. Jarosław Łuszcz						
of lecturer (lecturers)	Teachers							
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Projec	oject Semin		SUM
	Number of study hours	10.0	0.0	10.0	0.0		0.0	20
	E-learning hours included: 0.0							
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study		SUM
	Number of study hours	20				50.0		75
	Power quality measurements skills							
Learning outcomes	Course outcome		Subject outcome			Method of verification		
	K7_W02		Knowledge in the field of power quality.			[SW1] Assessment of factual knowledge		
				the field of po	wer	knowle	Assessment edge	of factual
