| Subject objectives                             | Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam. |                      |                                            |                                     |                   |            |         |     |
