

Subject card

Subject name and code	Public spaces design with elements of greenery, PG_00061573						
Field of study	Architecture						
Date of commencement of studies	October 2023		Academic year of realisation of subject		2025/2026		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		English		
Semester of study	5		ECTS credits		3.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Department Of Environmental Design -> Faculty Of Architecture -> Wydziały Politechniki Gdańskiej						
Name and surname of lecturer (lecturers)	Subject supervisor						
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	0.0	0.0	45.0	0.0	45
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	45		5.0		25.0	75
Subject objectives	The aim of the course is to carry out an analysis of the plot in the context of users' needs with particular emphasis on social activation and sustainability.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W02] knows and understands the rules of gathering information and their interpretation as a part of project concept preparation; issues related to architecture and urban planning in the field of simple design problems solving		knows and understands issues related to architecture and urban planning in the field of solving simple design problems		[SW2] Assessment of knowledge contained in presentation		
	[K6_U03] is able to prepare a graphic, written and oral presentation of your own design concepts in the field of architecture and urban planning, meeting the requirements of a professional record appropriate for architectural and urban design		is able to prepare a graphic, written and oral presentation of his/ her own design concepts in the field of architecture and urban planning, meeting the requirements of a professional record appropriate for architectural and urban design		[SU1] Assessment of task fulfilment		
Subject contents	Plot analysis according to User Centered Design principles and survey resultsConceptual design of green solutions and paving and landscaping elementsSelection of plantingDevelopment of rainwater retention strategiesIntroduction of further SDGs into the design Development of technical details for pavement connections, blue infrastructure elements and planting method Preparation of charts at competition levelPreparation of oral presentation						
Prerequisites and co-requisites							
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	Design - boards		70.0%		25.0%		
	Design - social		70.0%		25.0%		
	Presentation		70.0%		25.0%		
	Design - sustainability		70.0%		25.0%
