

Subject card

Subject name and code	English Language IV, PG_00051483							
Field of study	Biotechnology							
Date of commencement of studies	October 2021		Academic year of realisation of subject			2023/2024		
Education level	first-cycle studies		Subject group					
Mode of study	Full-time studies		Mode of delivery		at the university			
Year of study	3		Language of instruction			Polish		
Semester of study	6		ECTS credits			2.0		
Learning profile	general academic profile		Assessment form			exam		
Conducting unit	Language Centre -> Vice-Rector for Education							
Name and surname	Subject supervisor mgr Alicja Dereniowska							
of lecturer (lecturers)	Teachers		mgr Danuta Zalewska					
			mgr Katarzyna Szałaj					
			mgr Ewa Bieńkowska					
			mgr Aleksandra Lis					
			mgr Alicja Dereniowska					
		mgr Joanna Pawlik						
		mgr Agnieszka Sikora						
			mgr Dorota Horowska					
	mgr Małgorzata Majer							
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM
of instruction	Number of study hours	0.0	30.0	0.0	0.0		0.0	30
	E-learning hours included: 0.0							
Learning activity and number of study hours	Learning activity Participation in classes include plan				Self-study		SUM	
	Number of study hours 30			0.0		0.0		30
Subject objectives	Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.

Learning outcomes	Course outcome	Subject outcome	Method of verification	
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	Students will be able to: communicate in English at university and in other environments; collaborate to produce an international group project.	[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills	
	[K6_K81] is able to cooperate in international team	Students will be able to: communicate in English at university and in other environments; collaborate to produce an international group project.	[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills	
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Students will be able to: gain information from various sources without violating copyright law; communicate in English regarding the field of green technologies.	[SU5] Assessment of ability to present the results of task [SU3] Assessment of ability to use knowledge gained from the subject	
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Students will be able to: communicate in English at university, in the workplace and in other environments; communicate in everyday English.	[SU5] Assessment of ability to present the results of task [SU3] Assessment of ability to use knowledge gained from the subject	
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Students will be able to: use specialist vocabulary in speaking and writing; understand, analyse and translate technical texts written in English; write reports, covering letter.	[SW2] Assessment of knowledge contained in presentation	
Subject contents	Vocabulary:			

Developing general knowledge of the language and introducing specialist terms and expressions used in the field of green technologies. Practising complex lexical structures. Introducing basic terminology of mathematics and general engineering.

Grammar:

Developing B2/C1 level grammar structures essential for written and verbal communication.

Writing:

Practising skills in writing various formal and informal texts such as reports, emails, CVs, notes, instructions, descriptions of processes.

Reading:

Developing various reading techniques indispensable for dealing with general and professional texts.

Listening:

Developing listening comprehension skills necessary in workplace and everyday life situations such as telephone conversations, interviews, customer service communication, lectures and presentations.

Speaking:

Practising general and specialist language communication skills such as presenting arguments, solving problems, participating in case studies, holding formal and informal conversations and job interviews. Practising the correct pronunciation and intonation of expressions.

Prerequisites and co-requisites

Before joining a language group, students are expected to be at level B1 or higher.
