

Subject card

Subject name and code	Space and landscape in a global context, PG_00053624						
Field of study	Spatial Development						
Date of commencement of studies	February 2024	Academic year of realisation of subject			2024/2025		
Education level	second-cycle studies	Subject group			Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	1	Language of instruction			Polish		
Semester of study	2	ECTS credits			1.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Urban Design and Regional Planning -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor	dr hab. inż. arch. Izabela Mironowicz					
	Teachers	dr hab. inż. arch. Izabela Mironowicz					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		1.0		9.0	25
Subject objectives	The objective of the module is to debate different approaches to managing spatial development and contemporary issues in a global context. The course is founded on the students' knowledge about urban planning and instruments used to make them better places both for people and the environment						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	K7_W01	has deepened and expanded knowledge in the field of spatial management, urban planning and spatial planning, including activities used in the process of revitalization of degraded areas and ecological design			[SW1] Assessment of factual knowledge		
	K7_U01	communicates using various techniques in professional and non-professional environments; presents the effects of his work; provides information in a universally understandable manner; performs self-assessment and constructive criticism of the effects of one's own and other people's work; has negotiation skills			[SU2] Assessment of ability to analyse information		
Subject contents	1. Visionary Planning 2. Management of spatial development 3. Sharing Benefits of Growth 4. Equal Access to Opportunities 5. Sustainable Future						
Prerequisites and co-requisites							
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	FINAL PRESENTATION		100.0%		100.0%

	eResources addresses	Adresy na platformie eNauczanie:
Example issues/ example questions/ tasks being completed	<p>Please prepare a briefing note of approximately 500 words / up to 3 pages, include illustrations on the subject:</p> <p>Select one large scale urban development project. Please describe how existing residents living benefited from it? What are measurable outcomes of this investment?</p> <p>They will be assessed against the following criteria, the note needs to meet all three:</p> <ol style="list-style-type: none"> 1. Is it addressing the topic? Select one development and one benefit. Present the development through description of a problem it is addressing and outputs achieved. Discuss the outcomes for the local communities. Include quantity and quality indicators. 2. Is it based on credible evidence? Use citations to refer to data you base your discussion 3. Does it demonstrate reasoning skills? Conclude with your own conclusions relating to the final outcomes as well as processes applied 	
Work placement	Not applicable
