

## Subject card

Subject name and code	Development policy, PG_00053615						
Field of study	Spatial Development						
Date of commencement of studies	October 2022	Academic year of realisation of subject			2023/2024		
Education level	second-cycle studies	Subject group			Obligatory subject group in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	2	Language of instruction			English		
Semester of study	3	ECTS credits			1.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Urban Design and Regional Planning -> Faculty of Architecture						
Name and surname of lecturer (lecturers)	Subject supervisor	dr inż. arch. Gabriela Rembarz					
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	0.0	0.0	0.0	0.0	15
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	15		1.0		9.0	25
Subject objectives	The aim of the course is to enable you to broaden your knowledge of the challenges of achieving the 17 global goals sustainable development, of which Goal 11 Sustainable Cities and Communities, addresses the issue of spatial management based on integrated urban planning.						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	K7_W05	The student has an extended awareness of national correlation development policies with global the Sustainable Development Goals, and implemented through the European the Urban Agenda affecting development of urban planning in Country.
