

## 关。GDAŃSK UNIVERSITY 多 OF TECHNOLOGY

## Subject card

Subject name and code	English Language, PG_00044174							
Field of study	Geodesy and Cartography							
Date of commencement of studies	October 2022		Academic year of realisation of subject			2023/2024		
Education level	first-cycle studies		Subject group					
Mode of study	Full-time studies		Mode of delivery			at the university		
Year of study	2		Language of instruction			English		
Semester of study	4		ECTS credits			2.0		
Learning profile	general academic profile		Assessment form			assessment		
Conducting unit	Language Centre -> Vice-Rector for Education							
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Małgorzata Strach-Drabina					
	Teachers		mgr Małgorzata Strach-Drabina					
			mgr Danuta Zalewska					
			mar Ewa Biońkowska					
	mgr Ewa Bieńkowska							
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM
of instruction	Number of study hours	0.0	30.0	0.0	0.0		0.0	30
	E-learning hours included: 0.0							
	Additional information:							
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study		SUM
	Number of study hours	30		5.0		25.0		60
Subject objectives	Students reach B2 or areas. The course ad It is concluded with th	ditionally cover	s basic aspect					

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Ability to prepare a description of a process, a diagram, a figure, an instruction and so on.	[SU5] Assessment of ability to present the results of task
	[K6_K81] is able to cooperate in international team	Ability to communicate and cooperate in teams.	[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Understanding of various texts, including technical and specialist literature. Translation of short technical texts. Preparation of short presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts.	[SW2] Assessment of knowledge contained in presentation
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Successful communication in daily life and in an academic and professional environment.	[SU5] Assessment of ability to present the results of task
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	Successful communication in an academic environment. Understanding of speeches and lectures.	[SK4] Assessment of communication skills, including language correctness

Beveloping general knowledge of the language and introducing specialist terms and expressions used in the field of anvironmental engineering. Proceeding complex leaked structures. Introducing basic terminology of mathematics and general engineering.           Grammer:         Using grammar appropriate to the given language level. Learning of structures essential for written and verbal commission in academic and professional environments.           Writing:         Practialing politics in writing various tories essential in academic and professional environments.           Reading:         Despending reading comprehension of original academic and professional toxis.           Listening:         Despending reading comprehension of original academic and professional toxis.           Listening:         Developing listening comprehension of original academic and professional toxis.           Listening:         Developing listening comprehension of original academic and professional toxis.           Listening:         Developing listening comprehension of original academic and professional toxis.           Listening:         Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: the ploing of presentations.           speaking:         Precising communication skills in academic and work environments, such as: the ploing of presentations.           Prerequisites         Before joining a language group, students are expected to be at level B1 or higher.           Assessment methods and orderia         Subject passing orderia.
