

## Subject card

Subject name and code	Law in geodesy and cartography A, PG_00039423						
Field of study	Geodesy and Cartography						
Date of commencement of studies	February 2024	Academic year of realisation of subject			2023/2024		
Education level	second-cycle studies	Subject group					
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	1	Language of instruction			Polish		
Semester of study	1	ECTS credits			2.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Department of Geodesy -> Faculty of Civil and Environmental Engineering						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Paweł Wysocki				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	15.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		7.0		13.0	50
Subject objectives	Knowing the current legal regulations related to geodesy and cartography. Understanding the role of regulations in the surveyor's work.						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K7_K01] understands the need for continuous improvement of professional qualifications and respect for professional ethics	Ability to use geodetic law with the awareness of personal and professional responsibility.			[SK4] Assessment of communication skills, including language correctness		
	[K7_W06] has the knowledge of geodetic and cartographic law and standards, technical standards in the field of geodesy and cartography; knows the legal regulations related geodesic and cartographic resources	Knowledge of the applicable geodetic and cartographic law.			[SW1] Assessment of factual knowledge [SW2] Assessment of knowledge contained in presentation		
Subject contents	Issues from the Act on Geodetic and Cartographic Law, including the organization of surveying and cartographic services in Poland. Principles of operation of Geodetic and Cartographic Documentation Centers. Professional qualifications for performing independent functions in the field of geodesy and cartography. Selected issues from the "Code of Administrative Procedure" with particular emphasis on surveying procedures.						
Prerequisites and co-requisites							
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	Presentation		70.0%		100.0%		
Recommended reading	Basic literature		1. Sikora A: Legal vademecum for the surveyor 2019, wydawnictwo GALL, Katowice 2019  2. Current legal acts on the websites: <a href="http://www.gugik.gov.pl">www.gugik.gov.pl</a> => law and <a href="http://isap.sejm.gov.pl">isap.sejm.gov.pl</a>				

	Supplementary literature	<ol style="list-style-type: none"> <li>1. The Act of 17 May 1989. Geodetic and cartographic law,</li> <li>2. The Act of 14 June 1960 - Code of Administrative Procedure,</li> <li>3. The Act of 21 August 1997 on real estate management,</li> <li>4. Act of 27 March 2003 on spatial planning and zoning,</li> <li>5. Regulation of the Minister of Development of 28 July 2020 on professional qualifications in the field of geodesy and cartography,</li> <li>6. Regulation of the Minister of Infrastructure of 12 April 2002 on technical conditions that should be met by buildings and their location.</li> </ol>
