Subject name and code	, PG_00056984						
Field of study	Environmental Engineering						
Date of commencement of studies	October 2021	Academic year of realisation of subject			2023/2024		
Education level	first-cycle studies	Subject group					
Mode of study	Part-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			English		
Semester of study	6	ECTS credits			3.0		
Learning profile	general academic profile	Assessment form			exam		
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Małgorzata Strach-Drabina				
	Teachers		mgr Małgorzata Strach-Drabina				
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	36.0	0.0	0.0	0.0	36
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	36		2.0		37.0	75
Subject objectives	Development and consolidation of English language command, including reading, speaking, listening, writing and translation in a technical and professional environment.						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	Successful communication in daily life and in an academic and professional environment. Understanding of specialist literature and technical instructions. Translation of short technical texts. Preparation of presentations. Writing formal letters, CVs, covering letters and summaries of specialist texts. Understanding of speeches and lectures.			[SU2] Assessment of ability to analyse information		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)	Successful communication with fellow professionals, colleagues, trainers and customers in an international environment with regard to cultural differences.			[SU2] Assessment of ability to analyse information		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	Successful communication in general and professional language.			[SW2] Assessment of knowledge contained in presentation		
	[K6_K81] is able to cooperate in international team	Ability to communicate and cooperate in an international group.			[SK4] Assessment of communication skills, including language correctness [SK1] Assessment of group work skills		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language	Understanding technical texts and instructions. Translating and summarising short technical texts. Preparing presentations. Comprehension of longer speeches and lectures.			[SK4] Assessment of communication skills, including language correctness
