

## Subject card

Subject name and code	English Language, PG_00041800						
Field of study	Transport and Logistics, Naval Architecture and Offshore Structures						
Date of commencement of studies	February 2024	Academic year of realisation of subject	2023/2024				
Education level	second-cycle studies	Subject group					
Mode of study	Full-time studies	Mode of delivery	at the university				
Year of study	1	Language of instruction	Polish English				
Semester of study	1	ECTS credits	2.0				
Learning profile	general academic profile	Assessment form	assessment				
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor	mgr Agnieszka Sikora					
	Teachers	mgr Agnieszka Jachowicz mgr Agnieszka Kamińska mgr Aleksandra Lis mgr Agnieszka Sikora					
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours	Self-study	SUM		
	Number of study hours	30	3.0	17.0	50		
Subject objectives	Students' mastery of English at B2 or C1 level. The course covers general and engineering content as well as elements of specialized language consistent with the field of study.						

Learning outcomes	Course outcome	Subject outcome	Method of verification
	[K7_W81] has knowledge of complex grammatical structures and diverse lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study	the student is able to communicate in English in general and specialized languages related to the field of study	[SW2] Assessment of knowledge contained in presentation
	[K7_U81] is able to communicate with ease in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments	communicates correctly in English at B2 level in everyday life and in academic and professional environments	[SU1] Assessment of task fulfilment
	[K7_U82] is able to proficiently obtain and process information related to field of study and academic environment in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR)	acquires and processes information in English at B2 level regarding the field of study and the academic environment	[SU3] Assessment of ability to use knowledge gained from the subject
	[K7_K81] is able to cooperate in international team at her/his own university, during work placement and during study abroad	English is not a barrier to cooperation in an international team	[SK4] Assessment of communication skills, including language correctness
	[K7_K82] is equipped to participate actively in lectures, seminars and laboratory classes conducted in foreign language	the student understands lectures, seminars and laboratories conducted in English	[SK4] Assessment of communication skills, including language correctness
	[K7_U71] is able to apply knowledge from humanistic, social, economic or legal sciences in order to solve problems	acquires and processes information in English at B2	[SU2] Assessment of ability to analyse information
Subject contents	<p>Vocabulary:</p> <p>Expanding knowledge of the general language and introducing expressions and phrases from the specialized language in the field of maritime transport and logistics. Practicing complex lexical structures. Introduction of engineering and mathematical terminology.</p> <p>Grammar:</p> <p>Implementing grammar to the extent required for a given level of language proficiency. Teaching structures necessary for verbal and written communication.</p> <p>Writing:</p> <p>Practicing the ability to write various texts: a report, an email, a professional CV, a note, an instruction, an explanation of a process. Reading: Enhancing reading comprehension skills.</p> <p>Listening:</p> <p>Developing listening skills based on materials presenting situations related to the work environment and everyday life: telephone conversations, interviews, customer service situations, lectures, presentations.</p> <p>Speaking:</p> <p>Practicing communication skills in general and specialized language: presenting arguments, solving problems, case studies, conducting formal, informal and job interviews. Practicing pronunciation and correct accentuation of words.</p>		
Prerequisites and co-requisites	Students starting their studies must have at least B2 level knowledge of the language		

Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	writing: report, formal email/letter	60.0%	20.0%
	tests	60.0%	60.0%
	activity/oral statement	60.0%	20.0%
