

Subject card

Subject name and code	Technical English III, PG_00040189						
Field of study	Mechanical Engineering						
Date of commencement of studies	October 2022		Academic year of realisation of subject		2024/2025		
Education level	first-cycle studies		Subject group				
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		English		
Semester of study	5		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Language Centre -> Vice-Rector for Education						
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Witold Zbirohowski-Kościa				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	0.0	30.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		6.0		14.0	50
Subject objectives	The aim of the course Students reach B2 or C1 level of general English with the elements of engineering vocabulary and topic areas. The course additionally covers basic aspects of the specialist language relevant to the field of study. It is concluded with the ACERT exam.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)		Ability to obtain and process information in a foreign language at CEFR B2 level in the given field of study and academic environment.		[SU5] Assessment of ability to present the results of task [SU2] Assessment of ability to analyse information		
	[K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language		Understanding of specialist literature and technical instructions. Understanding longer speeches and lectures.		[SK4] Assessment of communication skills, including language correctness		
	[K6_K81] is able to cooperate in international team		Ability to communicate in a foreign language at B2 level		[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness		
	[K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Sufficient knowledge of the vocabulary and grammar of the foreign language to communicate in general situations as well as the specialist field of study.		[SW2] Assessment of knowledge contained in presentation		
	[K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Is able to communicate correctly in a foreign language at CEFR B2 level in everyday life situations as well as the academic and professional environment.		[SU2] Assessment of ability to analyse information		

Subject contents	Syllabus contents Vocabulary: Deepening knowledge of basic and specialist terms and expressions used in technical and academic language as well as the language of work. Exercises concerning lexical structures, describing the physical properties of materials, shapes, basic mathematical terminology, interpreting figures and diagrams, and explaining processes. Introduction of specialist language in the field of Design and Production Engineering Grammar: Using grammar appropriate to the given language level. Learning of structures essential for written and verbal communication in academic and professional environments. Writing: Practising skills in writing various texts essential in academic and work environments, including: reports, CVs, emails, summaries, notes, abstracts, instructions and descriptions of processes. Reading: Deepening reading comprehension of original academic and professional texts. Listening: Developing listening comprehension skills concerning workplace, academic and everyday life situations, such as: telephone conversations, interviews, customer service, lectures and presentations. Speaking: Practising communication skills in academic and work environments, such as: the giving of presentations, job interviews, formal and informal conversations, negotiating, presenting arguments, solving problems, participating in case studies, conducting formal meetings, etc. Practising the correct pronunciation and intonation of expressions.		
Prerequisites and co-requisites	Initial requirements Before joining a language group at a particular level, the student must first attain the preceding level, i.e. A1 before joining an A2 group, A2 before joining B1, B1 before joining B2, B2 before joining C1 and C1 before joining C2.		
Assessment methods and criteria	Subject passing criteria	Passing threshold	Percentage of the final grade
	written work	60.0%	20.0%
	tests	60.0%	60.0%
	activity/speaking	60.0%	20.0%
