

## GDAŃSK UNIVERSITY

## Subject card

Subject name and code	Metrology I, PG_00056913							
Field of study	Electrical Engineering							
Date of commencement of studies	October 2024		Academic year of realisation of subject			2024/2025		
Education level	first-cycle studies		Subject group					
Mode of study	Full-time studies		Mode of delivery			at the university		
Year of study	1		Language	Language of instruction		Polish		
Semester of study	2		ECTS credits			4.0		
Learning profile	general academic profile		Assessment form			exam		
Conducting unit	Department of Metrology and Information Systems -> Faculty of Electrical and Control Engineering					ering		
Name and surname	Subject supervisor							
of lecturer (lecturers)	Teachers			-	_		-	
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Project	t	Seminar	SUM
of instruction	Number of study hours	30.0	0.0	0.0	0.0		0.0	30
	E-learning hours inclu			i				
Learning activity and number of study hours	Learning activity	Participation in classes includ		Participation in consultation hours		Self-study		SUM
	Number of study hours	30		15.0		55.0		100
Subject objectives	Acquiring fundamenta systems used in elect			measurement				
Subject objectives								
Subject objectives	systems used in elect	trical engineeri	ng.	ect outcome			Method of ve	rification
	systems used in elec	trical engineeri	ng. Subj Student corre measuring ins Student is abl literature sour	ect outcome ctly selects sta struments. e to use currer rces in order to nd to develop l	Indard	[SK5] A	Method of ve Assessment problems that	of ability to
