|   | E-learning hours included: 0.0   |  |   |                                     |  |            |     |
| Learning activity and number of study hours | Learning activity  | Participation in didactic classes included in study plan |   | Participation in consultation hours |  | Self-study | SUM |
|   | Number of study hours  | 30   |   | 5.0                                 |  | 25.0       | 60  |
| Subject objectives                          | The development and consolidation of the Russian language in everyday environments and technical skills in reading, speaking, listening, writing and translation.  |  |   |                                     |  |            |     |
| Learning outcomes                           | Course outcome   |  | Subject outcome   |                                     | Method of verification   |            |     |
|   | [K6_U82] is able to obtain and process information related to field of study and academic environment in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR)     |  | The student understands specialist texts in Russian. He can summarize them, to translate and to use to own needs or of team with which he/she is working. |                                     | [SU3] Assessment of ability to use knowledge gained from the subject     |            |     |
|   | [K6_K82] is equipped to participate in lectures, seminars and laboratory classes conducted in foreign language   |  | Student can take part in lectures, seminars and other activities in Russian.  |                                     | [SK4] Assessment of communication skills, including language correctness |            |     |
|   | [K6_U81] is able to communicate appropriately in foreign language at B2 level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments |  | The student understands specialist texts in Russian. He can summarize them, to translate and to use to own needs or of team with which he/she is working. |                                     | [SU3] Assessment of ability to use knowledge gained from the subject     |            |     |
|   | [K6_K81] is able to cooperate in international team  |  | The student is able to participate in different types of scientific meetings which will be held in Russian.   |                                     | [SK4] Assessment of communication skills, including language correctness |            |     |
|   | [K6_W81] has knowledge of grammatical structures and lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study                       |  | Student can speak and write in common Russian and is able to apply vocabulary of the subject of study.  |                                     | [SW3] Assessment of knowledge contained in written work and projects     |            |     |

| Subject contents                | <p>Vocabulary:</p> <p>Exercises applying the knowledge of basic, professional technical terms and phrases. They concern the complex lexical structures such as: physical items, shapes items, word families, key technical terms related to the description of the process. Students practice pronunciation drills.</p> <p>Grammar:</p> <p>Grammar is presented in a simple manner in the primary range. Students learn nouns, adjectives, verbs and their conjugation.</p> <p>Writing:</p> <p>The ability to write is practiced by using a variety of tasks in realistic contexts that reflects the diversity of texts. The tasks of developing writing skills include: curriculum vitae, abstracts, e-mails, descriptions of technical processes.</p> <p>Reading:</p> <p>The range of exercises aim at practising the skills of reading, execute commands and retrieve detailed information.</p> <p>Speaking:</p> <p>Students learn to communicate effectively with future colleagues, instructors and clients. Students are prepared to create and conduct a presentation, administration arguments for and against, asking questions, checking information.</p> <p>Listening:</p> <p>Everyday life and work environment vocabulary are to develop listening skills in different situations. Students learn to listen in order to understand the specific information.</p> |  |                   |                               |                 |       |       |                    |       |       |              |       |       |               |       |       |  |  |
