Subject card

| Subject contents |  |
| :---: | :---: |
|  | - Vectors and eigenvalues. <br> - Functions of two variables: |
|  | - Domain and partial derivatives. |
|  | - Second degree surfaces. |
|  | - Differential of a function of two variables. |
|  | - Local extremes. |
|  | - Gradient, divergence, rotation. |
|  | - Implicit function. <br> - Double integrals: |
|  | - Rules for determining the limits of integration normal and regular region in R2. |
|  | - Change of variables in double integral, Jacobian. |
|  | - Polar coordinates. |
|  | - Applications of double integral. |
|  | - Triple integrals: |
|  | - Rules for determining the limits of integration normal and regular region in R3. |
|  | - Change of variables in triple integral, Jacobian. |
|  | - Cylindrical and spherical coordinates. |
|  | - Rules for determining the limits of integration normal and regular areas. |
|  | - Applications of the triple integral. |
|  | - Differential equations: |
|  | - Differential equations with separated variables. |
|  | - Linear differential equations (constant variation method, prediction method). |
|  | - Bernoulli equation. |
|  | - Linear differential equations of the second order with constant coefficients (method of changing constants, prediction method). |
| Prerequisites |  |
| and co-requisites |  |

| Assessment methods and criteria | Subject passing criteria | Passing threshold | Percentage of the final grade |
| :---: | :---: | :---: | :---: |
|  | Written exam | 50.0\% | 50.0\% |
|  | Tests | 0.0\% | 40.0\% |
|  | Class activity and online assignments | 0.0\% | 10.0\% |

| Example issues/ example questions/ tasks being completed | 1. Find local extrema of the given function $f(x, y)=\ldots$. <br> 2. Calculate the double integral ... over the indicated area $D$. <br> 3. Using cylindrical or spherical coordinates, calculate the given triple integral ... <br> 4. Determine the potential of the vector field ... <br> 5. Using the prediction method, solve the first and second order linear differential equations. |  |  |
| Work placement | Not applicable |  |  |
