

## Subject card

Subject name and code	Fundamentals of Company Functioning, PG_00049451						
Field of study	Power Engineering						
Date of commencement of studies	October 2024		Academic year of realisation of subject		2024/2025		
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study Humanistic-social subject group		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	1		Language of instruction		English		
Semester of study	2		ECTS credits		2.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Department of Manufacturing and Production Engineering -> Faculty of Mechanical Engineering and Ship Technology						
Name and surname of lecturer (lecturers)	Subject supervisor		dr inż. Aleksandra Wiśniewska				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	30.0	0.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		1.0		19.0	50
Subject objectives	The goal of the subject is to present the foundations of company functioning to enable to overall understanding of how company is active in the economic environment and enhance the understanding of internal and external relationship evident in organizations.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W07] knows the basics of economic calculus in the energy sector; knows the legal, organizational and economic principles of the functioning of energy markets, knows the basic principles of management and running a business		Awareness about key company challenges. Knows what entrepreneurship is. Understands the balance sheet of a company. Know key concepts of project and process management. Is aware about cost types and key concepts of managing costs. Understands the concept of risk and how to do a proper risk response planning. Is aware about values that impact team effectiveness.		[SW3] Assessment of knowledge contained in written work and projects		
	[K6_K01] is aware of the need for training and self-improvement in the profession of energy and the possibility of further education; can think and act in a creative and entrepreneurial manner; can define priorities for the implementation of an individual or group task		Knows the role of communication in managing teams and company. Is aware of company culture concept and knows how continuous development is impacting companies.		[SK3] Assessment of ability to organize work [SK4] Assessment of communication skills, including language correctness		
Subject contents	The scope of the subject is to present the foundations of company functioning to enable to overall understanding of how company is active in the economic environment and enhance the understanding of internal and external relationship evident in organizations.						
Prerequisites and co-requisites							
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	test		51.0%		100.0%
