

表 GDAŃSK UNIVERSITY OF TECHNOLOGY

Subject card

Subject name and code	Electric Machines, PG_00049755							
Field of study	Power Engineering							
Date of commencement of studies	October 2024		Academic year of realisation of subject			2025/2026		
Education level	first-cycle studies		Subject group			Obligatory subject group in the field of study Subject group related to scientific		
						research in the field of study		
Mode of study	Full-time studies		Mode of delivery			at the university		
Year of study	2		Language of instruction			English		
Semester of study	4		ECTS credits			6.0		
Learning profile	general academic profile		Assessment form			exam		
Conducting unit	Department of Power	Electronics an	d Electrical Ma	ichines -> Facu	ulty of E	lectrical	and Control	Engineering
Name and surname	Subject supervisor							
of lecturer (lecturers)	Teachers							
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM
of instruction	Number of study hours	30.0	15.0	30.0	0.0		0.0	75
	E-learning hours inclu	uded: 0.0						
Learning activity and number of study hours	Learning activity	Participation in classes include plan		Participation in consultation hours		Self-study		SUM
	Number of study hours	75		11.0		64.0		150
Subject objectives	This lecture is designed to satisfy modern requirements by providing basic understanding of the nature and operating principles of tranaformers, asynchronous machines, synchronous machines and DC machines.							
Learning outcomes	Course outcome		Subject outcome			Method of verification		
			-					
	[K6_U03] has the pro- necessary to work in environment, applies principles of occupat and safety, can perfor diagnostics of the re- system of a simple e	eparation an industrial the ional health orm gulation	The student k	ect outcome nows the safet peration of ele		[SU3] A	Assessment owledge gair	of ability to
	[K6_U03] has the pro- necessary to work in environment, applies principles of occupat and safety, can perfor diagnostics of the re-	eparation an industrial the ional health orm gulation nergy facility ured d of electrical ctronics, tand the ind selection s, electricity	The student k rules for the o machines	nows the safet peration of ele as knowledge neering neces the basics of	of	[SU3] A use kno subject	Assessment owledge gair t Assessment ned in written	of ability to ned from the of knowledge
