

Subject card

Subject name and code	English Language II, PG_00049439								
Field of study	Informatics								
Date of commencement of studies	October 2024		Academic year of realisation of subject			2024/2025			
Education level	second-cycle studies		Subject group			Obligatory subject group in the field of study			
Mode of study	Part-time studies		Mode of delivery			at the university			
Year of study	1		Language of instruction			English			
Semester of study	2		ECTS credits			2.0			
Learning profile	general academic profile		Assessment form			assessment			
Conducting unit	Language Centre -> Vice-Rector for Education								
Name and surname of lecturer (lecturers)	Subject supervisor		mgr Joanna Pawlak-Mikuć						
	Teachers		mgr Joanna Pawlak-Mikuć mgr Katarzyna Orłowska						
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Projec	t	Seminar	SUM	
of instruction	Number of study hours	0.0	18.0	0.0	0.0		0.0	18	
	E-learning hours inclu	I uded: 0.0					<u> </u>		
Learning activity and number of study hours	Learning activity	Participation i classes including		Participation in consultation hours		Self-study		SUM	
	Number of study hours	18		10.0		22.0		50	
Subject objectives	The aim of the course is to develop the ability to use English effectively in the academic and professional environments.								
Learning outcomes	Course outcome		Subject outcome			Method of verification			
	[K7_W81] has knowledge of complex grammatical structures and diverse lexical resources needed to communicate in foreign language in terms of general and specialist language related to field of study		Student can use grammar structures and vocabulary resources in both general and specialised contexts.			[SW2] Assessment of knowledge contained in presentation			
	[K7_U81] is able to communicate with ease in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR) in everyday life, in academic and professional environments		Student can successfully communicate in everyday situations and in the professional context as well as academic environment.			[SU5] Assessment of ability to present the results of task [SU1] Assessment of task fulfilment			
	[K7_U82] is able to proficiently obtain and process information related to field of study and academic environment in foreign language at B2+ level of the Common European Framework of Reference for Languages (CEFR)		Student is able to aquire and process information concerning Informatics and academic environment at B2+ CEFR level.			[SU1] Assessment of task fulfilment			
	[K7_K82] is equipped to participate actively in lectures, seminars and laboratory classes conducted in foreign language		Student is prepared to participate in lectures, seminars and laboratories conducted in English.			[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness			
	[K7_K81] is able to cooperate in international team at her/his own university, during work placement and during study abroad		Student can cooperate in an international group.			[SK1] Assessment of group work skills [SK4] Assessment of communication skills, including language correctness			

Data wydruku: 30.06.2024 23:14 Strona 1 z 2

Professional language development enhanced by scenario-based exercises, case studies, comprehension tasks, reading assignments, professional articles, vocabulary exercises contextualized in the Informatics field. Writing: Developing skills in writing various texts essential in the academic and work environments, including an abstract of an academic thesis, a report, a data analysis and a process description. Developing writing techniques such as style and register, coherence and cohesion, using in-text references and paraphrasing. Listening and speaking: Developing listening comprehension and communication skills in the academic and work environments. Practising giving presentations, participating in formal business meetings, videoconferences and negotiations. Developing intercultural awareness, critical thinking and project management skills. Reading: Developing comprehension skills in reading academic and professional texts, with particular emphasis on critical reading, sismming and scanning, selecting and prioritising information, recognising and understanding implicit meanings, and note taking. Prerequisites Before joining a language group, students are expected to demonstrate language ability at level B2. Assessment methods and criteria Subject passing criteria Passing threshold Percentage of the final grade rocabulary teats presentation 50.0% Cambridge English for Scientists, Upper - Intermediate, CUP Professional English in Use, CUP Dynamic Presentations, CUP Supplementary literature Business Vocabulary in Use, Advanced, Pearson Market Leader, Advanced, Pearson Academic English For Engineers, PL eResources addresses Advesy na platformic eNauczanie: Example issues/ Report, presentation, critical reading, negotating, time management, note taking, project management.
