Example issues/ example questions/ tasks being completed	What is consumer behaviour? Do your consumption choices differ depending on the role you play at the time (provide examples from your own life)? How do your choices as a consumer differ depending on whether you are in the role of a student, child, worker etc.? Describe the consumption process in the context of the consumer and marketer. What kinds of relationships can consumers have with products? How do these product relationships affect your behaviour (provide examples)? What does the perceptual process look like? Under what conditions can subliminal perception work? List and justify factors related to the pre-purchase state, purchase process, and post-purchase status.						
Work placement	Not applicable	Not applicable
