

Subject card

Subject name and code	FINANCIAL AND INSURANCE MATHEMATICS, PG_00058552											
Field of study	Economic Analytics											
Date of commencement of studies	October 2024	Academic year of realisation of subject		2024/2025								
Education level	first-cycle studies		Subject group		Obligatory subject group in the field of study Subject group related to scientific research in the field of study							
Mode of study	Part-time studies (on-line)		Mode of delivery		blended-learning							
Year of study	1	Language of instruction		Polish								
Semester of study	2	ECTS credits		4.0								
Learning profile	general academic profile		Assessment form		assessment							
Conducting unit	Department of Economic Analysis and Finance -> Faculty of Management and Economics											
Name and surname of lecturer (lecturers)	Subject supervisor Teachers		dr inż. Ewa Mazurek-Krasodomska									
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM					
	Number of study hours	8.0	16.0	0.0	0.0	0.0	24					
E-learning hours included: 18.0												
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM					
	Number of study hours	24		10.0		66.0	100					
Subject objectives	Identifies mathematical concepts and tools used in finance, banking and insurance											
Learning outcomes	Course outcome		Subject outcome		Method of verification							
	[K6_U04] formulates logical solutions to complex or unstructured problems		analyzes the influence of various factors which influence the studied phenomenon, striving to obtain an optimal solution		[SU2] Assessment of ability to analyse information							
Subject contents	[K6_W02] demonstrates comprehensive preparation in the field of methods, techniques for formulating and solving problems											
	selects appropriate methods and mathematical techniques to analyse financial problems											
[SW1] Assessment of factual knowledge												
Prerequisites and co-requisites												
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade							
	Final test		50.0%		30.0%							
Recommended reading	Test and activity in the class		60.0%		70.0%
