

Subject card

Subject name and code	IMPACT OF SUSTAINABLE DEVELOPMENT ON MACROECONOMIC INDICATORS, PG_00058529						
Field of study	Economics						
Date of commencement of studies	October 2024		Academic year of realisation of subject		2026/2027		
Education level	first-cycle studies		Subject group		Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Full-time studies		Mode of delivery		at the university		
Year of study	3		Language of instruction		Polish		
Semester of study	5		ECTS credits		4.0		
Learning profile	general academic profile		Assessment form		assessment		
Conducting unit	Katedra Ekonomii -> Faculty of Management and Economics						
Name and surname of lecturer (lecturers)	Subject supervisor		dr hab. Adam Marszk				
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	15.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan		Participation in consultation hours		Self-study	SUM
	Number of study hours	30		5.0		65.0	100
Subject objectives	Describes the impact of sustainable development on macroeconomic indicators.						
Learning outcomes	Course outcome		Subject outcome		Method of verification		
	[K6_W03] identifies reliable sources of information relevant to the analyzed issues		identifies reliable sources of obtaining information required to assess sustainable development in the macroeconomic context		[SW1] Assessment of factual knowledge [SW2] Assessment of knowledge contained in presentation		
	[K6_U06] acquires new knowledge by planning lifelong learning strategies		acquires new knowledge necessary to analyze macroeconomic indicators depending on the degree of commitment to sustainable development		[SU1] Assessment of task fulfilment [SU2] Assessment of ability to analyse information [SU4] Assessment of ability to use methods and tools [SU5] Assessment of ability to present the results of task		
Subject contents	Sustainable development - introductory issues. Basic international agreements on sustainable development - part 1. Basic international agreements on sustainable development - part 2. European sustainable development initiatives - part 1. European sustainable development initiatives - part 2. Sources of data on sustainable development - global databases. Sources of data on sustainable development - European databases. Sources of data on sustainable development - national databases. Methods of assessing the impact of sustainable development on economic and social indicators. Sustainable development impact assessment - examples of analyzes. Sustainable finance - definition and categories. Assessment of the impact of the sustainable finance sector on the economic and social situation. International sustainable development issues. Ethical issues related to sustainable development.						
Prerequisites and co-requisites	completion of macroeconomics course						
Assessment methods and criteria	Subject passing criteria		Passing threshold		Percentage of the final grade		
	team presentation		60.0%		30.0%		
	written test		60.0%		30.0%		
	activity during classes		60.0%		10.0%		
	team work during classes		60.0%		30.0%
