

Subject card

Subject name and code	IMPACT OF SUSTAINABLE DEVELOPMENT ON MACROECONOMIC INDICATORS, PG_00058529						
Field of study	Economics						
Date of commencement of studies	October 2024	Academic year of realisation of subject			2026/2027		
Education level	first-cycle studies	Subject group			Optional subject group Subject group related to scientific research in the field of study		
Mode of study	Full-time studies	Mode of delivery			at the university		
Year of study	3	Language of instruction			Polish		
Semester of study	5	ECTS credits			4.0		
Learning profile	general academic profile	Assessment form			assessment		
Conducting unit	Katedra Ekonomii -> Faculty of Management and Economics						
Name and surname of lecturer (lecturers)	Subject supervisor	dr hab. Adam Marszk					
	Teachers						
Lesson types and methods of instruction	Lesson type	Lecture	Tutorial	Laboratory	Project	Seminar	SUM
	Number of study hours	15.0	15.0	0.0	0.0	0.0	30
	E-learning hours included: 0.0						
Learning activity and number of study hours	Learning activity	Participation in didactic classes included in study plan	Participation in consultation hours		Self-study	SUM	
	Number of study hours	30	5.0		65.0	100	
Subject objectives	Describes the impact of sustainable development on macroeconomic indicators.						
Learning outcomes	Course outcome	Subject outcome			Method of verification		
	[K6_W03] identifies reliable sources of information relevant to the analyzed issues	identifies reliable sources of obtaining information required to assess sustainable development in the macroeconomic context			[SW1] Assessment of factual knowledge [SW2] Assessment of knowledge contained in presentation		
	[K6_U06] acquires new knowledge by planning lifelong learning strategies	acquires new knowledge necessary to analyze macroeconomic indicators depending on the degree of commitment to sustainable development			[SU1] Assessment of task fulfilment [SU2] Assessment of ability to analyse information [SU4] Assessment of ability to use methods and tools [SU5] Assessment of ability to present the results of task		
Subject contents	Sustainable development - introductory issues. Basic international agreements on sustainable development - part 1. Basic international agreements on sustainable development - part 2. European sustainable development initiatives - part 1. European sustainable development initiatives - part 2. Sources of data on sustainable development - global databases. Sources of data on sustainable development - European databases. Sources of data on sustainable development - national databases. Methods of assessing the impact of sustainable development on economic and social indicators. Sustainable development impact assessment - examples of analyzes. Sustainable finance - definition and categories. Assessment of the impact of the sustainable finance sector on the economic and social situation. International sustainable development issues. Ethical issues related to sustainable development.						
Prerequisites and co-requisites	completion of macroeconomics course						
Assessment methods and criteria	Subject passing criteria	Passing threshold			Percentage of the final grade		
	team presentation	60.0%			30.0%		
	written test	60.0%			30.0%		
	activity during classes	60.0%			10.0%		
	team work during classes	60.0%			30.0%
