

Subject card

Subject name and code	European Union Law, PG_00051078							
Field of study	Electrical Engineering							
Date of commencement of studies	October 2023		Academic year of realisation of subject		2024/2025			
Education level	second-cycle studies		Subject group					
Mode of study	Part-time studies			Mode of delivery		at the university		
Year of study	2			of instruction	า	Polish		
Semester of study	3		ECTS cred		<u>. </u>	2.0		
Learning profile	general academic profile		Assessment form			assessment		
Conducting unit	1							
Name and surname	Subject supervisor	-> Faculty of Electrical and Control Engineering dr inż. Maria Chomka						
of lecturer (lecturers)	Teachers dr inż. Maria Chomka							
Lesson types and methods	Lesson type	Lecture	Tutorial	Laboratory	Project	ect Seminar		SUM
of instruction	Number of study hours	10.0	0.0	0.0	0.0		10.0	20
	E-learning hours inclu			1		1		
Learning activity and number of study hours	Learning activity	Participation in classes include plan		Participation in consultation hours		Self-study		SUM
	Number of study hours	20	5.0			25.0		50
Subject objectives	and in the conditions of economic integration »identification and characterization of phenomena and problems occurring in the European labor market and familiarization with the methods of analyzing these phenomena and problems. Acquainting with the methods of combating problems on the labor market depending on the changing microand macroeconomic conditions. Acquainting with the possibilities of seeking employment by graduates.							
Learning outcomes	Course outcome		Subject outcome		Method of verification			
	with ease in foreign language at B2+ level of the Common		Students will be able to use their linguistic communication skills to obtain information on European labour markets.		[SU2] Assessment of ability to analyse information			
	[K7_W71] has general knowledge in humanistic, social, economic or legal sciences, including their fundamentals and applications		The student is aware of the importance of the humanities in understanding contemporary labour market processes.		[SW1] Assessment of factual knowledge			
	[K7_K71] is able to explain the need to apply knowledge from humanistic, social, economic or legal sciences in order to function in a social environment		Has an extended knowledge of general employment policy and employment and anti-unemployment law. He knows the links between these scientific disciplines, their relationship to economics, as well as the links between employment and anti-unemployment law and other branches (departments) of law, in particular labour law, social security and social assistance.		and ys the c to ks nti- r aw, in	[SK5] Assessment of ability to solve problems that arise in practice
